The Sub Committee gave consideration to Planning Application 2021/91367

Under the provisions of Council Procedure Rule 37 the Committee received representations from Sean Johnson (objector), Diana Wilson (in support), Charlie Batten (applicant) and Philip Smith (agent).

RESOLVED –

1. That the Planning Inspectorate be informed that the local planning authority would have refused the application had its determination remained within its remit for the reason for the following reason:

The application site is within designated Green Belt, whereby as set out in the National Planning Policy Framework (NPPF) new development, subject to certain exceptions, is regarded as inappropriate. Paragraph 150 of the NPPF sets out that the material change of use of land need not be inappropriate, but only where this preserves the openness of the Green Belt and does not conflict with the purposes of including land within it. In this case the development would harm the openness of the Green Belt through the siting of a building, storage of timber, the formation of the access track and the activity associated with the processing of timber on open land. This would also lead to the encroachment of development into the countryside. As such the proposal would constitute inappropriate development in the Green Belt which is by definition harmful to the Green Belt. There are no very special circumstances which clearly outweigh the harm to the Green Belt by reason of inappropriateness and other harm and therefore the proposal would be contrary to the aims of Chapter 13 of the National Planning Policy Framework.

2. That the enforcement action requiring cessation of the use and removal of the associated operational development be suspended until the outcome of the

Planning Sub-Committee (Huddersfield Area) - 5 August 2021

10 Planning Application - Application No: 2021/91136

The Sub Committee gave consideration to Planning Application 2021/91136 Siting of mobile home for use as holiday accommodation, construction of raised platforms, erection of 'Tiki bar' and pergola and formation of vehicular access from Manchester Road with electronic gates and associated hard surfaces Mulberry Brook, Manchester Road, Slaithwaite, Huddersfield.

Under the provisions of Council Procedure Rule 37 the Committee received representations from Simon Murphy (applicant) and Laureen Denton (in support).

RESOLVED –

1. That planning permission be refused for the following reason:

The development, consisting of a mobile home, decking, pergola, fencing, access and concrete driveway, has urbanised what was previously an open and green garden, thereby causing significant harm to the openness of the Green Belt as well as the visual amenities of the Green Belt and the character and appearance of the wider area. As such, the development constitutes inappropriate development in the Green Belt and there are no very special circumstances which clearly outweigh the harm caused by inappropriateness and other harm. The development is therefore contrary to Policy LP24 (a) of the Kirklees Local Plan and Chapter 13 of the National Planning Policy Framework.

2. That authority be delegated to the Head of Planning and Development to proceed with enforcement action requiring cessation of the use and the removal of the associated operational development.
