

Kirklees Council

Council Chamber - Town Hall, Huddersfield

Tuesday 29 November 2022

Dear Member

The Council will meet on Wednesday 7 December 2022 at 5.30 pm at Council Chamber - Town Hall, Huddersfield.

This meeting will be webcast live and will be available to view via the Council's website.

The following matters will be debated:

Pages

1: Announcements by the Mayor and Chief Executive

To receive any announcements from the Mayor and Chief Executive.

2: Apologies for absence

Group Business Managers to submit any apologies for absence.

3: Minutes of Previous Meeting

To agree and authorise the Mayor to sign the Minutes of Council held on 9 November 2022.

1 - 10

4: Declaration of Interests

11 - 12

Councillors will be asked to advise if there are any items on the Agenda in which they have a Disclosable Pecuniary Interest, which would prevent them from participating in any discussion or vote upon an item, or any other interests.

5: Petitions (From Members of the Council)

To receive any Petitions from Members of the Council in accordance with Council Procedure Rule 9.

6: Deputations & Petitions (From Members of the Public)

Council will receive any petitions and/or deputations from members of the public. A deputation is where up to five people can attend the meeting and make a presentation on some particular issue of concern. A member of the public can also hand in a petition at the meeting (any petition should relate to a matter on which the body has powers and responsibilities).

In accordance with Council Procedure Rule 10 (2), Members of the Public should provide at least 24 hours' notice of presenting a deputation.

7: Public Question Time

Council will receive any questions from the public in accordance with Council Procedure Rule 11.

8: Climate Change Action Plan (Reference from Cabinet)

13 - 186

To consider the Climate Change Action Plan.

Contact: Shaun Berry/Robert Green, Climate Change

9: Proposed Change to Date of Budget Council Meeting 2023 (Reference from Corporate Governance and Audit Committee)

187 -
192

To consider the report.

Contact: Samantha Lawton, Head of Governance

10: Written Questions to the Leader, Cabinet Members, Chairs of Committees and Nominated Spokespersons

To receive written questions to the Leader, Cabinet Members, Chairs of Committees and Nominated Spokespersons in accordance with Council Procedure Rule 12.

A schedule of written questions will be tabled at the meeting.

11: Key Discussion - Elected Mayor (West Yorkshire Combined Authority)

The Elected Mayor (West Yorkshire Combined Authority) will be present for the Council's Key Discussion debate, which will include an update on the Elected Mayor's current priorities.

12: Motion submitted in accordance with Council Procedure Rule 14 as to Renewable Energy Strategy

To consider the following Motion in the names of Councillors Cooper, Lee-Richards and Allison;

"This Council believes;

That, if Kirklees is to play its part in achieving the Paris Climate targets, meet its net zero target by 2030 and address the cost of living crisis, we need to reduce energy demand through energy efficiency measures such as retrofitting homes and other buildings; and to significantly raise the amount of energy we produce from renewable sources.

Having more of our energy produced from renewable sources helps us control costs by having secure forms of energy generated locally. Energy security means that the UK is less at the mercy of dubious and undemocratic regimes with poor human rights records that are

often the suppliers of fossil fuels.

This Council resolves to ask Kirklees Cabinet to:

i) Conduct an audit of the potential for renewable energy installations and energy efficiency measures on all Council land and property, draw up a priority list for installations based on the most potential to save energy and generate clean energy, and present it to the Cabinet within 6 months.

ii) Develop a financial case to install solar photovoltaics on all new build Council owned buildings where technically feasible, recognising that integrated roof systems are cheaper to install than retrofitting solar systems after construction

iii) Create a Local Area Energy Plan for Kirklees that has the buy-in of the wider community and lead a local area energy planning process that involves both the network operators and other key stakeholders, including developers, energy experts and community energy groups

iv) Investigate establishing strategic partnerships with renewable and energy efficiency installers to help ensure certainty on cost and delivery of measures and report back to Full Council within 6 months.

v) Maximise external funding to finance installations using Government, WYMCA and any ethical sources.

vi) Encourage wider community investment in local renewable energy projects through a range of measures including but not limited to Community Share Offers and Municipal Bonds

vii) Develop a proposal for a compelling offer for private householders and Landlords to support the installation of solar photovoltaics and high cost energy efficiency measures.

viii) Encourage best practice in Planning to support renewable energy installations by developers and to create a low carbon energy supply;.

ix) Encourage renewable and energy efficiency skills by establishing links and relationships between our partners in the Renewable Energy and Energy Efficiency sectors with appropriate local training

and education providers.

x) Ensure training opportunities and new skills are included in all projects and contracts related to energy efficiency and renewables should include commitments from contractors on providing training opportunities and new skills for local people. Funding from WYMCA to support training and skills should be utilised to support this proposal.

xi) The Council should require new energy generation projects of 5MW or above to have at least 5% local ownership.”

13: Motion submitted in accordance with Council Procedure Rule 14 as to Tackling Speeding and Reviewing Road Safety Measures

To consider the following Motion in the names of Councillors J Taylor and D Hall;

“This Council notes that:

Concerns about speeding across Kirklees is one of the issues raised most frequently with elected members particularly in villages and other residential areas.

The responsibility for addressing speeding is split with enforcement the responsibility of West Yorkshire Police, whilst the operational priorities are set by the West Yorkshire Mayor.

The criteria for installing a speed camera are set out in the 2007 Department of Transport Circular and implementation of this sits with the West Yorkshire Casualty Reduction Partnership.

The responsibility for monitoring speeds and for road safety sits with Kirklees Council.

A review of speed limits across the district was initiated by the Council in 2019 but the final report has not yet been made public and there have been no indication if any recommendations contained in it have been, or will be, actioned.

This Council therefore resolves to:

a) Write to the West Yorkshire Mayor and ask her to update the Council on her plans for addressing speeding across Kirklees and to provide quarterly updates on progress.

b) Write to the Secretary of State for Transport to ask him to review the criteria for the installation of speed cameras under the 2007 Circular to reflect the highlighted concerns locally with regard to continued speeding.

c) Undertake a review of road safety and speeding reduction plans in Kirklees by 31 January 2023 and publish the results of this including proposed outcomes and how these will be measured.”

14: Motion submitted in accordance with Council Procedure Rule 14 as to Kirklees Council's Local Plan

To consider the following Motion submitted in the names of Councillors Munro and Marchington;

This Council notes that:

- 1) Local authorities, including Kirklees Council, are responsible for identifying housing need in their areas. The National Planning Policy Framework sets out an approach to identifying ‘objectively assessed housing need’. Government guidance in the National Planning Practice policy outlines a recommended approach to determining ‘objectively assessed need’ through a Strategic Housing Market Assessment’ (SHMA). This guidance is based on outdated ONS population data from 2014.
- 2) Kirklees Council, like other local authorities, has set out a vision for future development in the borough through its Local Plan. This outlines the Council’s housing and industry development strategy for the borough, including a target to build 31,140 new homes between 2013 and 2031 and is based on ONS data predictions on population growth in 2014, as recommended by the Government;
- 3) Kirklees Local Plan was adopted in February 2019;
- 4) There is a requirement for local authorities, including Kirklees Council, to review whether their local plans need updating at least once every 5 years, taking into account changing circumstances affecting the area or any relevant changes in national policy. The National Planning Policy Framework states that relevant strategic policies will need updating at least once every 5 years if their applicable local housing need figure has changed significantly.

This Council believes that:

- 1) There is a lack of clarity in the Government guidance to local authorities on calculating 'objectively assessed need';
- 2) Current national planning policy and strategy prioritises arbitrary and often inflated housing targets over local circumstances and local need. Local authorities, including Kirklees Council, are required to release land for development to ensure that housing targets are met. This is problematic, as local authorities are responsible for meeting the housing targets and are compelled, through national policy, to release more land for development in a bid to meet the targets. Creating higher than necessary housing targets mean that local authorities are required to identify additional sites for housing development. Inevitably, this means additional housing on inappropriate sites in the countryside, with developers often deciding to maximise profits and build on greenbelt land rather than brownfield land;
- 3) The housing figures set out in local plans are often unrealistic, which developers do not have the will or the capacity to meet. The outcome is that building rates stay low and housing targets are missed, while greenbelt land is built on and brownfield land remains vacant. When housing targets for building new homes are missed, this can result in reduced local planning control and greenbelt land being unnecessarily lost;
- 4) Housing targets are based on 2014 ONS data which may be considered flawed, with unreliable numbers and a flawed methodology. It is a 'top-down approach' which imposes housing targets on local authorities and is not being balanced with a consideration of environmental constraints and housebuilder capacity and does not result in proper planning for infrastructure;
- 5) While Kirklees Council should review its Local Plan at the first opportunity to ensure that it reflects local need and is based on up-to-date population projections, it is guided by national planning policy. The Government had previously committed to the introduction of the Planning Bill, which would reform the planning system and impact on local plans, including Kirklees Council's Local Plan. However, there was a lack of progress with the legislation. Now the Government have introduced the Levelling Up and Regeneration Bill. The Bill introduces a number of reforms to the planning system, but the finer detail is unknown. The Bill is currently progressing through Parliament in the early stages and is currently at the Committee stage;
- 6) The Council needs greater clarity and guidance from Government.

This Council, therefore, resolves that:

- 1) All Kirklees party leaders be invited to sign a letter to the Secretary of State for Levelling Up, Housing and Communities, to ask them to address the reliance on outdated 2014 data in the absence of the provision of clear guidance to better reflect local population growth;
 - 2) Council officers be instructed to commence a review of the Kirklees Local Plan at the earliest opportunity.
-

By Order of the Council
