Planning update:

Following the outcome of a Stage 1 Road Safety Audit on the proposed Rowley Lane / Hermitage Park junction improvements, the proposal has been amended to include the provision of parking restrictions (yellow lining) on the junction radii. This would prevent vehicle parking affecting the sightlines. These proposals would be secured via condition but would also be subject to separate Traffic Regulation Order process that involves its own public consultation and assessment.

It has been raised by residents and ward members that the applicant's Ecological Impact Assessment does not include consideration of the impacts of the proposed highway improvement works at the Hermitage Park and Rowley Lane junction. To secure the required sightlines, the clearance of vegetation and regrading are proposed within a wooded area adjacent the highway.

It is proposed that the condition requiring the full technical details of the improvement works include an Ecological Impact Assessment. Ultimately, this will ensure the most up to date surveys (if required) are undertaken and inform the appropriate design features and/or mitigation. Given the small size of the area and its proximity to the highway, there is no reasonable grounds of prohibitive issues being raised.

2. Secure a section 106 agreement to cover the following matters:

- a) Affordable Housing: 16 units (20%) to consist of nine Affordable Rent (55%) and seven Intermediate Dwellings (45%), including four First Homes (25%).
- b) Open space off-site contribution: Delivery of on-site Public Open Space (amenity green space, natural and semi-natural green space, and parks and recreation) and an off-site contribution of £72,724, unless updated at Reserved Matters (Landscape) stage.
- c) Education: £225,821 towards education requirements arising from the development.
- d) Metro / sustainable travel: £50,920 towards Sustainable Travel measures (including £40,920 for MetroCard's and £10,000 towards Travel Plan Monitoring).
- e) Access to Masterplan Phase 3/4: £422,224 with overage clause if the identified cost is exceeded.
- f) Management and maintenance: Management and maintenance of on-site Public Open Space in perpetuity, drainage features in perpetuity (unless adopted by Yorkshire Water), and Biodiversity Net Gain measures for a minimum of 30 years.

## Strategic Planning Committee - 6 April 2023

g) Footpath: Maintenance of public access to footpath along diverted claimed footpath route in perpetuity.

3. In the circumstances where the Section 106 agreement has not been completed within three months of the date of the Committee's resolution then the Head of Planning and Development shall consider whether permission should be refused on the grounds that the proposals are unacceptable in the absence of the mitigation and benefits that would have been secured and, if so, the Head of Planning and Development be authorised to determine the application and impose appropriate reasons for refusal under delegated powers.

A recorded vote was taken, in accordance with Council Procedure Rule 42(5), as follows:

For: Councillors Paul Davies, S Hall, Pattison and Thompson (4 votes)

Against: Councillors Armer and A Pinnock (2 votes).
