Steve Comb highlighted the following key points:-

- The Corporate Parenting Strategy would be considered by the Improvement Board shortly;
- Discussions had taken place with Ofsted regarding the 3 mainstream children's homes in Kirklees – 2 homes for children with disabilities still required further remedial work and the service were looking at moving the children to Orchard View and Elm Grove whilst the remedial works took place;
- Preparation was underway for the forthcoming Ofsted Inspection of Children's Services and officers were engaging with other local authorities around the region to learn from their inspections;
- The service was working hard to ensure all data was up to date and accurate and were mapping how this looked against other local authorities;
- Liquid Logic Champions were in place to help develop the system.

The Board was informed that Ophelia Rix was leading the development of Liquid Logic to ensure the system was working correctly and that investigations were currently underway to check that any issues which were having an impact were being prioritised and tested.

8 Children in Care Services Performance Highlights

The Board considered an update giving key highlights on Performance Monitoring data for the Children's Service in December 2018, presented by Steve Comb, Head of Corporate Parenting and Janet Tolley, Virtual Head Teacher.

The Board agreed to consider a future report on the stability of placement moves to include more in-depth information as to what was involved, in particular regarding foster carers.

Steve Comb informed the Board that feedback which had been received had been positive regarding the Legal Gateway Permanence Panels and the board welcomed the positive work of this Panel.

Janet Tolley advised the Board that statistics on educational attainment and progress would be shared with the Corporate Parenting Board when available.

The Board raised concerns regarding the numbers of persistent absentees and asked how many children were engaged or still of concern. The Board was informed that the Children's Commissioner had requested that a focus was needed on persistent absentees and agreed that the Board should have this in view including how many were on track and how many had moved school. Janet Tolley advised the Board that there could be a genuine reason why a child was persistently

absent from school, for example, due to illness and that the service should concentrate on those cases where there were genuine concerns. Janet Tolley further explained that each case had to be dealt with on its own merits and that the best approach would be adopted to help the child or young person to engage. The Board agreed to consider a future report giving further detail on persistent absentees from school, including case studies – date to be determined.

Julie Bragg advised the Board that there were currently 4 young people leaving care who were refusing to have contact or engage. The Board noted that in some cases care leavers wanted to move on with their lives and did not want to continue to be involved with the Social Care system. The Board was informed that no young people were currently in bed and breakfast accommodation. Julie Bragg further explained that officers were engaging with care leavers to help them on their employment, education and training journey.

Gill Addy, Designated Nurse for Looked after Children, agreed to meet separately with Ophelia Rix, Head of Safeguarding and Quality Assurance, to discuss some areas of Liquid Logic where changes needed to be made. Gill Addy agreed to try and attend some of the meetings of the Legal Gateway Permanence Panels, though due to lack of capacity within the team this was not always possible. Christine Bennett confirmed that there were mechanisms in place to share information from the Panel meetings with Gill Addy and her team.

Julie Bragg advised the Board that a new drop-in centre for looked after children and care leavers would be opened sometime in April 2019 which was similar to the No 11 facility in Huddersfield.

The Board considered a report on the Voice of the Child Development Plan presented by Ophelia Rix, Head of Safeguarding and Quality Assurance.

Ophelia Rix advised the Board that Kirklees needed to continue to respond to the changing views of children and young people and that work was in progress to develop an action plan which would be signed off by the end of March 2019.

The Board was informed that the Voice of the Child Development Plan would be shared with the Children in Care Council and Care Leavers Forum to get their views and feedback.

Christine Bennett advised the Board that she was liaising with Ophelia Rix on children in care with a disability, to ensure that the voice of the child who did not have a 'natural' voice could get involved and engaged.

In response to a question from the Board regarding what difference the work on the voice of the child would make to children and young people in care, Ophelia Rix explained that it would take some time to be able to demonstrate what a difference the Plan had made but that co-production with other services and partners would be overly written into the plan. The Board noted that officers were committed to progressing the work on the voice of the child as a priority.

The Board was informed that the Voice of the Child Development Plan was for children of all ages and that links would be made with foster carers who could advocate on behalf of younger children.

Julie Bragg advised the Board that officers were exploring an App for Care Leavers and were talking to a number of other local authorities who were currently using the App. Gill Addy explained that a Health App was in place and a link would be sent to the carer and young person following a health assessment to seek feedback on their experience.

Ophelia Rix advised the Board that officers were working with Kirklees Democracy, Community groups and local businesses to help to shape the next steps and actions of the Voice of the Child Development Plan.

Corporate Parenting Board - 14 February 2019

Gill Addy advised the Board that health were introducing an “age and stages” questionnaire which would be a way for carers to express the emotions and experience of babies and that this would be rolled out in April 2019.

The Board agreed that officers needed to get the message on the voice of the child across to all elected members and agreed that considerations should be given as to how this work could be taken forward and shared with all Councillors via their political groups.

Sanna Mahmood advised the Board that quarterly Corporate Parenting meetings with Children in Care Council and Care Leavers Forum would be arranged and would be attended by the Director of Children’s Services, Service Managers and various teams which would give young people an opportunity to ask questions about the services they received.
