

The Kirklees Highway Design Guide SPD aims to promote high standards of highway design that reflect nationally recognised best-practice, and facilitate the delivery of high quality residential, employment and mixed-use developments in Kirklees. This SPD is relevant to all aspects of the built environment. It will help encourage good design in terms of how developments, routes and spaces relate to one another to create streets and public spaces that are safe, accessible, and pleasant to use. The SPD will be used by the council to help reach decisions on whether to approve or refuse planning applications. Details of the draft document and consultation can be found at: <https://www.kirklees.gov.uk/beta/planning-policy/highway-design-guide-spd.aspx>
