Waste Strategy

New National Resources and Waste Strategy is being developed. Areas could include:

- Implications for Kirklees Waste Strategy; Scrutiny to feed into proposals/engagement in relation to changes to collection regime.
- Litter and Environmental Crime – approach; to include statistics and analysis/ how ‘hotspots’ are targeted/ trends/how the work of the Street Cleansing Teams is focused/ feedback on the Ward Based Action Squads.
- Considering what work is being done with the local population and local business in respect of avoiding and reducing waste/single use plastic.
- Household Waste Recycling Centres; accessibility/permit process/layout/potential barriers to use.

19 September 2019

Recommendations:

- Ward Councillors should be provided with an overview of the issues reported to the Council by residents (including on ROSS) to assist them in determining the priorities for action within their ward.
- Consideration be given to how best the Service might be able to support ward members in promoting and publicising this work to their residents.
- The Service should consider raising awareness within schools and colleges of the potential for volunteering opportunities and work experience.
- A strategic environmental assessment should be undertaken as part of the development of the Kirklees Waste Strategy.
- Disposal of trade waste, including the potential impact on the levels of fly tipping, should be considered as part of the development of the new waste strategy.
- Fly tipping be retained on the Panel’s Work Programme with a particular focus on the use of an intelligence led approach.
- It would be beneficial to increase awareness of the concessions available for the bulky waste collection service for those residents in receipt of an assisted bin service, and the permit process for the Household Waste Recycling Centres.
- That Members of the Panel be provided with:
 - data in relation to the number of fines collected for littering and fly tipping compared with the number issued.
 - the enforcement flow chart.
 - the gross tonnage figures for the Household Waste Recycling Centres broken down into general waste/recyclable waste for 2015/16 onwards.
