

KIRKLEES HEALTH & WELLBEING BOARD
MEETING DATE: 16 th July 2020
TITLE OF PAPER: Stabilisation & Reset Across the Kirklees Health and Social Care System
<p>1. Purpose of paper</p> <p>The purpose of this paper is to update the Board on the approach being taken to ‘stabilisation & reset’ across the Kirklees health and social care system, and the implications for the subsequent updating of the work programme to deliver the Kirklees Health and Wellbeing Plan.</p>
<p>2. Background</p> <p>At the June Board meeting all of the key organisations with a major role to play in delivering the Board’s aims and ambitions presented a high-level summary of</p> <ul style="list-style-type: none"> • how their organisation has responded so far and the current challenges • what they have learnt and their plans for the future. <p>The Board noted that the ‘emergency response’ phase was being managed through organisational and partnership resilience structures. Therefore, the focus for the Board should be on the next phase of our local response. In light of that the Board agreed that</p> <ul style="list-style-type: none"> • The vision, outcomes and principles set out in the Kirklees Health and Wellbeing Strategy and the Health and Wellbeing Plan are still valid, and that these key strategic documents provide a useful framework for reviewing organisational and partnership responses to the Covid-19 Pandemic • The Integrated Health and Care Leadership Board review the Health and Wellbeing Plan and present an updated work programme to deliver the Plan to a future Health and Wellbeing Board meeting for approval. <p>The West Yorkshire & Harrogate Health and Care Partnership Board agreed a high-level approach and process for supporting system stabilisation and reset at its June Board meetingⁱ. The intention is to use this process to both develop a coherent approach for West Yorkshire and the 6 places including Kirklees. This will also provide the basis for the response to the planning requirement for the NHS which are due to be published by NHS England/Improvement shortly.</p> <p>The timetable for a response to the NHS planning requirement is normally short and often does not allow for sufficient partnership engagement. The proposed approach mitigates the potential negative impact of this.</p> <p>The attached slides set out how this is being implemented in Kirklees, the emerging themes and indicative timeline.</p>
<p>4. Financial Implications</p> <p>None at this stage.</p>
<p>5. Sign off</p> <p>Carol McKenna, Accountable Officer, NHS Greater Huddersfield CCG & NHS North Kirklees CCG</p>
<p>7. Recommendations</p> <p>That the Board</p> <ul style="list-style-type: none"> • endorses the approach being taken to ‘stabilisation and reset’ in Kirklees. • comments on the emerging themes and the proposed timeline for the subsequent updating of the work programme to deliver the Kirklees Health and Wellbeing Plan.
