The introduction of '30 hours free childcare' and the resulting increase in the number of providers eligible to claim funding for the free entitlement (mainly after school-clubs and childminders) has placed unprecedented volume pressures on the teams which support children, families and early learning and childcare providers. Efficiency improvements have helped ensure that these pressures can continue to be met within existing resources. The proposed Early Years Block retention amounts to 2.5% of the total allocation, well within the 5% level permitted by the government.
