

Hi Eric,

It appears to be a template licence application form. They have not ticked the boxes for an entertainment licence, only supply of alcohol for consumption off the premises. The licensed premises would only be a single unit in The Galleries not the whole building, they say they will operate a 'Town Centre Convenience Store with Off Licence'.

Specific conditions offered to promote the four licensing objectives include:

- CCTV
- Incident log book
- Spirits of high alcohol volume displayed and sold from behind the counter
- No single cans of beers, lagers or ciders above 6.5% ABV
- Adequate lighting to shop frontage
- Prominent signage to encourage the public to leave quietly
- Staff best endeavours to monitor and disperse any gatherings outside
- Litter checks
- Challenge 25 policy
- Refusals log book
- Staff training on responsible alcohol retailing

Philip, overall I am satisfied with the application but would ask for prominent signage/map in the shop to show the town centre PSPO zone and making clear that consumption of alcohol/open containers in the town centre is prohibited.

Kind regards,

Cllr Aleks Lukic
