

Holmfirth 60 at Wolfstones Heights Farm: Stiles and Gates described in user evidence originally submitted

NB comments listed in no particular order

No	Name	Initials	Comments re stiles	Comments re gates	Notes
			Referred to stile recorded on DMS, no longer there [point C]. Squeeze stile adjacent to double gates at point A	Field gate at location of stile [point C] when path first used. Set of gates at point A - only seen closed in 2018.	
			No	Gates at point A, always open	
			Stile at point E	Gates at points A and A3	
			-	intermittently, with a 'footpath gate'	
			No	Gate 'dedicated to walkers' at point A. 'Always accessible'	
			No		
			Stone stile at point E	Double gates and a pedestrian gate at point A. Double gates usually not locked except during some stages of lockdown. Pedestrian gates not locked.	
				Gates at point A. Sometime locked but 'pedestrians can go around them'	
			Style over the wall' [point E	Gate (at / near point C, 'always there')	More likely to be at point B than point C
			Stile at point E	Two gates at point A 'one wide and one pedestrian'. Narrow gate difficult to negotiate with groups	
			Stile at point E	Gate at 'halfway' [point C] 'appeared in the last 25 years or so'	More likely to be at point B than point C
			Stile at point E	Gates at point A	
			Stile at point E	Gates at point A. Vehicular gate generally open, when closed used pedestrian gate alongside. Also 'fence type gate at about point C: 'never locked, now removed'	fence type gate' at around point C more likely to be at point B
