1. Summary

In accordance with The Local Authority (Public Health, Health and Wellbeing Boards and Health Scrutiny) Regulations 2013, if the Council wishes to alter the voting rights and membership the board must first be consulted on any proposed amendments.

On the 25 March 2021 the Health and Wellbeing Board, considered and approved the amendments to the terms of reference.

2. Information required to take a decision

2.1 The national, regional and local context the Board is operating within has undergone significant changes over the past 12-18 months, including:

- Response to the Covid-19 pandemic.
- The West Yorkshire Health and Care Partnership is established as the 'Integrated Care System' and the new Partnership Board has been meeting formally since June 2019
- Further development of the West Yorkshire Joint Committee of Clinical Commissioning Groups, the West Yorkshire Association of Acute Trusts and the West Yorkshire Mental Health Services Collaborative
- Greater Huddersfield CCG and North Kirklees CCG have agreed to formally merge on 1st April to form Kirklees CCG
- The 9 Primary Care Networks in Kirklees are now well established.
- The Kirklees Integrated Commissioning Board and the Kirklees Integrated Provider Board has evolved into the Kirklees Integrated Health and Care Leadership Board.
- The Children and Young People's Partnership has been re-established and developed a new Children and Young People's Plan. The Health and Wellbeing Board has taken on formal oversight of this work.

2.2 The current membership as set out in the Terms of Reference was amended in May 2019 for the first time since the Board was established in April 2013. The membership reflected the requirement as set out in the Health and Social Care Act 2012. Core membership that health and wellbeing boards must include:

- at least one councillor from the relevant council
- the director of adult social services
- the director of children's services
- the director of public health
- a representative of the local Healthwatch organisation
- a representative of each relevant clinical commissioning group (CCG)
- any other members considered appropriate by the council'

In addition, there are 'invited observers' from all the key local health and care provider organisations in Kirklees.

2.4 The changes to membership have reflected the shift to a much more collaborative culture which is at the core of both the Kirklees Health and Wellbeing Plan and the NHS Long Term Plan.

2.5 The Government published the White Paper 'Working together to improve health and social care for all' on the 11th February 2021. The White paper reinforces several concepts that have been an important aspects of our approach in Kirklees and West Yorkshire for several years, including

- 'primacy of place' which the White Paper recognises 'is most usually aligned with either CCG or local authority boundaries'
- 'working together to integrate care'. The proposal is to legislate, in this calendar year, to embed 2 forms of integration
 - within the NHS to remove some of the cumbersome boundaries to collaboration and to make working together an organising principle

- greater collaboration between the NHS and local government, as well as wider delivery partners, to deliver improved outcomes to health and wellbeing for local people.

The Government intends to legislate to create a statutory basis for integrated care system (ICSs), including an ICS Health and Care Partnership and an ICS NHS Body. On current timeframes, and subject to Parliamentary business, the government's plan is that the legislative proposals outlined in this White Paper will begin to be implemented in 2022. Therefore as the ICS NHS Body will take on many of the functions of CCGs, it is expected that CCGs will be dissolved in March 2022.

Health and Wellbeing Boards will remain in place and will continue to have an important responsibility at a local/place-based level to bring local partners together, as well as developing the Joint Strategic Needs Assessment and Joint Health and Wellbeing Strategy, which both HWBs and ICSs will have to have regard to. The Government expects to produce further guidance following legislation being passed on how these bodies can work together closely to complement each other's roles, and to share learning and expertise.

3. Proposals

- 3.1 Corporate Governance and Audit Committee and Council are asked to consider and agree the proposed revision to the Terms of Reference for 2021-22, specifically; (See appendix 1)
 - Amending the membership of the Board to
 - reflect the creation of a single CCG for Kirklees. The 3 representatives in 2021/22 will be the Clinical Chair, Accountable Officer and the Lay Member: Patient & Public Involvement
 - include a nominated representative of the Kirklees Integrated Health and Care Leadership Board to replace the representative from the now defunct Integrated Provider Board
 - Include representation of the Primary Care Networks in recognition of their role in establishing the new model of integrated care and as system and clinical leaders
 - Reflecting the Board's role in providing oversight of the Children and Young People's Partnership and the Children and Young People's Plan, and recognising the Director of Children's Services role as including representing the Children & Young Peoples Partnership.
- 3.2 The Health and Wellbeing Board recognises that the proposed legislation and national guidance will necessitate changes to the local governance arrangements for health and social care being established by April 2022. A period of running in shadow form might be required prior to the changeover. Any substantive changes to the Board's Terms of Reference will be discussed at the relevant Board meeting, and proposals presented to the Corporate Governance and Audit Committee for approval at the earliest possible opportunity.

4. Implications for the Council

4.1 Working with People

4.2 Working with Partners

The existing partnership arrangements between the council and partners will be strengthened

4.3 Place Based Working

The addition of a member to represent the Primary Care Networks will strengthen the link between the Board and the emerging place-based working arrangements.

4.4 Improving outcomes for children

The introduction of the specific responsibility for the Board to provide oversight of the Children and Young Peoples partnership will increase the focus of the Board on improving outcomes for children.

4.5 Other (eg Legal/Financial or Human Resources)

5. Consultees and their opinions
