## **1. Summary**

- 1.1 The Committee is asked to note the latest version of the Draft 2020/21 Annual Governance Statement, prior to it being signed off by the Chief Executive and Leader of the Council, which concludes that overall the governance arrangements remain fit for purpose and to consider whether the issues raised reflect the state of the governance and control framework during 2020/21.
- 1.2 As the Statement covers the period up until the Annual Financial Accounts 2020/21 are approved, there may be need for revisions to be made in the text to reflect the findings from the external audit and anything material in the intervening period. In this respect any further significant impacts directly or indirectly consequent from the pandemic will need to be reflected in the Statement. In recognition of this situation, the draft document includes a separate conclusion and commentary as recommended by CIPFA / SOLACE.
- 1.3 The Statement is a statutory requirement and accompanies the Statement of Accounts in order to provide readers with assurance about the governance

and internal control environment in which they have been compiled and to which they relate.

- 1.4 The draft Statement has been compiled following the annual review of the effectiveness of the overall internal control and governance arrangements and draws on a number of forms of assurance which have been presented to various parts of the Council during the year, including many to this Committee (e.g. annual activity reports), being principally the Annual Report of Internal Audit, reports by the external auditor, Monitoring Officer and from the performance management framework.
- 1.5 The draft Statement highlights a number of what are termed 'Significant Governance Issues'. Unusually, each of the Issues from the 2019/20 Statement are brought forward, reflecting the unique demands faced during this time as well as the wide-ranging nature of the issues and action required. Consideration has been given to a number of potential new Issues and two, organisational resilience and new funding relationships have been incorporated into slightly refocussed ones brought forward. Staff wellbeing has been identified as a new Issue in its own right.
- 1.6 The actions and controls the Council is taking are contained within a recommended Action Plan. Since the final Statement will not be agreed until later this year, subject to the approval of this draft by this committee, it is intended that the draft Action Plan will be the subject of internal monitoring, with reporting back to Executive Team and this Committee during the remainder of 2021/22. Any amendments made to the final version will be reflected in monitoring work should there be sufficient time to progress the action during the year.
