### Brief outline of proposal and the overall aims/purpose of making this change:

The Kirklees Communities Partnership Plan identifies the strategic community safety priorities for the district through engagement and consultation with a wide range of statutory partners (including the Council and its Elected Members, Police, Fire and Rescue Authority and Probation Services) and non statutory partners (such as community and voluntary sector providers, the health sector and housing). This is a new plan, based upon the most recent Strategic Intelligence Assessment (SIA) for the district, outlining the key community safety priorities to be tackled over the next 5 years.
