

Corporate Parenting Board – Highlight Report

Date of Board: 15 November 2022

Data is as at 30th September 2022, unless stated otherwise.

*Benchmarking Source: Children's Social Care Benchmarking Tool (BMT) V3.23. Benchmarking data is from March 2021 unless stated otherwise. SN = Statistical Neighbours average, Eng. = England average. Where no equivalent published data is available, "N/A" is shown.

Children Entering Care, Children in Care and Placement Stability

Key Indicator	Type of measure	Month End				*Benchmarking	
		Oct 21	Jul 22	Aug 22	Aug 22	SN	Eng.
4.02.01 Children in care - numbers in care per 10,000 of age 0-17 population.	Per 10,000 population aged 0-17	61.3 (613)	61.4 (614)	61.4 (614)	61.4 (614)	93.3	67.0
	Direction of Travel		↑	↓	↔		
4.02.04 Children in care by placement within and outside the LA boundary: Total placed outside Kirklees and more than 20 miles from home address	% (number)	12.6% (77/ 613)	13.4% (83/ 619)	14.0% (86/ 614)	12.7% (78/ 614)	12.6%	16.0%
	Direction of Travel		↑	↑	↓		
4.05.01 Placement Stability Within Year - LAC with three or more placements	% (number)	6.9% (42)	9.5% (59)	9.0% (55)	9.0% (55)	7.5%	9.0%
	Direction of Travel		↓	↓	↓

	Direction of Travel		↑	↓	↑		
Average number of SW changes	Average	0.44	0.63	0.58	0.63	N/A	N/A
	Direction of Travel		↑	↓	↑		

Service Narrative

What difference did we make?

- The number of children looked after has been comparatively consistent during the 12-month period from Oct 21 to Sep 22 from 61.3 (613 children) in Oct 21 to 61.4 (614 children) in Sep 22. The current 12-month average for Kirklees is 61.4 (614 children), below our 31 March 2021 published rate of 66.0, the England 2021 rate of 67.0 and significantly below our Statistical Neighbours 2021 rate of 93.3. The published rates for our Statistical Neighbours as at 31 March 2021 are shown below for comparison.
- Of the 78 children placed outside of Kirklees and more than 20 miles from their home address, the large majority are placed in fostering. The full breakdown is as follows:

Placement Type	Number	%
Fostering	67	85.9%
Placed for Adoption	5	6.4%
Residential	3	3.8%
Placed with Parents	1	1.3%
Hostel/Supported Accommodation (not subject Children's Home regs)	1	1.3%
Residential School	1	1.3%
Total	78	

- The Heads of Service continues to have oversight of permanency planning through Legal Gateway and Permanence Panel. The panels are held weekly to ensure consistency regarding decision making and care planning for children and young people. The panels also provide a quality assurance framework and opportunity to evidence good practice and areas for development.
- An External Placement and Finance Review Panel is held every 2 weeks, chaired by the Service Director. The purpose of the panel is to ensure better oversight of children who are not placed in Local Authority provision and provides a quality assurance function in that it provides high support and challenge as required to avoid drift and delay in care planning for children and young people.
- The number of social work changes has seen a decrease, due the challenges relating to the recruitment of Social Work Practitioners, of which is not just specific to Kirklees Council. We are mindful of the impact this has on our children and young people and in order to address this we are in the process of recruiting youth engagement and family support practitioners to undertake non-statutory roles. We will also continue to focus on staff retention and consistency in case allocation.
- Although we have seen a decrease in relation to the number of children who have had 3 or more home in August and September 2022, we remain focused on reducing this number further. Due to the limited availability of foster carers for this age group of which is a national issue, this has resulted with the service having to utilise the temporary options that have been available, until a suitable home has been found, therefore having an impact on our performance data.

What do we want to improve?

- The service will continue to work with the Placement Support team and the Multi-Systemic Therapy (MST) team to collaboratively support improving placement stability for our children and young people with a focus on integrating strength-based approaches and tools into practice.
- Further worker needs to be undertaken to improve allocated social worker stability.
- Reduce number of children placed more than 20 miles from their home address. We aim to recruit more local foster carers to provide more local placement options.
- A review of placement stability will be undertaken as part of practice learning days to further identify areas of future learning and development and to strengthen the good areas of practice that are currently taking place.

Children Looked After Reviews, Visits and Missing

Key Indicator	Type of measure	Month End				*Benchmarking	
		Oct 21	Jul 22	Aug 22	Sep 22	SN	Eng.
4.06.01: CLA Reviews Within Statutory Timescale	%	99.1%	97.6%	97.6%	98.0%	N/A	N/A
	Direction of Travel		↓	↔	↑		
4.07.01: CLA visits within statutory timescale: % of CLA visited in line with Kirklees Practice Standards	%	94.9% (595)	94.6% (573)	95.0% (575)	93.3% (568)	N/A	N/A

	Direction of Travel		↓	↓	↑		

Service Narrative

What difference did we make?

- 14 requests for Initial Review forms were received by the Child Protection and Review unit in May 2022 relating to 14 children – unusually each of these referrals was for a single child. For all the referrals received, children and young people were allocated an Independent Reviewing Officer (IRO) within 24 hours and Initial Child Looked After Reviews were arranged within 4 weeks of the children and young people becoming Looked After.
- In May the Child Protection and Review Unit held 172 Looked After Review Meetings for children, with all but one (for 2 siblings) of these being held within timescales. Independent Reviewing Officers closely monitor Child Looked After Review timescales to ensure that this high percentage is maintained whilst a clear rationale is recorded on a child's file if there are circumstances which result in a child's review meeting not being held within statutory timescales.
- IROs robustly review children's care plans. They provide time-bound actions, which are followed up in between review meeting to ensure that plans for children progress swiftly, and where drift is identified informal and formal resolution processes are used effectively. Children's reviews are well attended by a range of partner agencies, who commit to taking actions to improve children's experiences and outcomes.
- The Children's Rights Team supported 13 young people at their CLA review in the month of September with 7 of these young people living out of area.
- There has been decrease in percentage of Children in Care who have received a statutory visit in line with practice standards from 95.0% in August 2022 to 93.3% in September 2022. We continue to have weekly oversight and monitoring of the visits as part of our service performance meetings. The meetings focus on timeliness and quality of visits to young people as well as providing evidence of practice in relation key strengths and areas for further development.
- *Missing CLA:*
 - The number of Children having at least one missing episode has reduced in November, however the average remains at approx. 3%. This average remains considerably below the national average and statistical neighbours (10.0% and 8.7% respectively).
 - The principles of 'Right Support, Right Person, at the Right Time' are consistently adopted when approaching an Independent Return Interview. Utilising familiarity and identifying the right person for the circumstances and placing the Young Person at the centre of the decision

is the consistent approach undertaken. With very specific exceptions all Children and Young people are offered an independent return home interview (97%).

- 99% of all Independent Return Home interviews offered and accepted were completed.
- The number of children having multiple missing episodes has fluctuated between 3 and 8 in the three-month period which is lower than the 12-month average. The percentage rate of these children is determined from a very low overall number in the cohort of missing children. The slight fluctuation in the overall number of Children therefore creates a significant shift in the percentage and as such presents a volatile range.
- As per previous reports, all children's homes are being encouraged to review missing reporting strategies with the placing Local Authorities to ensure they are fit for purpose and have a clear expectation on the home to try all avenues to locate the child before reporting them missing.
- Daily Risk Exploitation and Missing Meetings (DREMM) occur with partners to discuss, intelligence, missing episodes and individual circumstances to ensure actions, and allocations are in keeping with the core principles placing the child at the centre.
- The Philomena Protocol is a Police initiative to help locate and safely return a young person as quickly as possible when they are missing. The basis of the scheme is for vital information about the young person to be recorded on a form so that this can be used to help locate them safely and quickly. The Philomena Protocol documents continue to be used by all children's homes and semi-independent providers in Kirklees (introduced in July 2020). A number of meetings have been held with providers recently to consider the protocol, the information within it and expectations that all providers use it. Feedback showed that children's homes and semi-independent providers like the protocol and that the information held means that children are located more quickly and that it aids the Police to do this. It was recognised by the police that more work needs to take place with the police call operators who receive the information as they are not all familiar with the protocol.
- Provider meetings are run 3 to 4 times per year. These have focussed on the Philomena Protocol and support through Covid-19. Meetings have continued to take place and attendance has been good, but more work is required, to increase understanding and fully implement the protocol across the partnership.

What do we want to improve?

- The report identifies the number of independent Return Home Interviews offered and accepted. Securing more IRI's remains a priority and together with securing those IRI's comes the requirement to ensure quality and value is maximised.
- The Service Managers to continue to provide oversight of statutory visit compliance through the weekly performance meetings that are held within the service.
- The Youth Engagement Service has developed a recording system to enable a more nuanced understanding of IRI outcomes. This recording is intended to inform discussion about how more productive and informative data might be able to be created regarding both the allocation of and outcomes of IRI's.
- Independent Reviewing Officers to continue to liaise closely with Social Workers and the Children's Rights team to ensure that children are enabled to participate in their Reviews, and that their voice is heard. In the current situation where Covid restrictions have been removed, the IRO Service is working towards giving every child the opportunity for in person Review Meeting and visit if this what they indicate they would like.
- Children's Rights Service have liaised closely with IRO Service and have relaunched updated online versions of Children's consultation documents for Looked After Reviews, and Evaluation forms for children to complete about their Reviews. The aim is to help children and young people gain understanding of what a Review meeting is, what they can expect, why it is important that their views are heard, the different ways they can make sure this happens, and to encourage improved participation of children and young people in their reviews.
- With others capture children's voices and experiences, and support young people's participation to inform service development.
- Introduce improved quality assurance mechanisms to support the development of the Children's Rights Service and the team, and bench mark the service against the new Advocacy Standards which are due to be published imminently.

Children Looked After Education Outcomes

Key Indicator	Type of measure	Autumn Term 21/22	Spring Term 21/22	Summer Term 21/22	Benchmarking

	Direction of Travel		↓	↓	↑		

Service Narrative

What difference did we make?

- The published information shows outstanding performance at Key Stage 4 in 2021 and strong performance in terms of overall attendance and exclusions all in Quartile Band A.
- 100% of PEPs have been completed within the Summer Term in-line with the termly processes.
- The Virtual School is currently leading on all PEPs which are virtually held meetings.
- 100% of initial PEPs have been completed within 10 school days of child coming into care since 01/09/2022.
- We continue to work with social work teams to improve both PEP and initial PEP completion and the quality assurance of PEPs.
- 70% of school moves since the start of the academic year have been carefully planned across the service to ensure a smooth transition with no break in provision.

What do we want to improve?

- Issues as a result of the pandemic remains a priority. This includes Catch up and Emotional Wellbeing.
- Persistent Absence (PA) / Unauthorised Absence remains a key priority for all pupils with attendance less than 90%.
- We will continue to have a strong focus on pupils not in full-time education provision.
- We will continue to work across service to reduce the number of school moves (2018-19 (82), 2019-20 (64) 2020-21 (75)) and to reduce the number of young people with a break in provision whenever possible.

Children Looked After Health

	Direction of Travel		↓	↔	↑		

Service Narrative

What difference did we make?

Initial health assessments (IHA):

- Kirklees Local Authority (LA) rolling 12-month data shows that 80.5% were completed in the statutory 20 working day timescale.
- Locala monthly data for September shows that 16 were completed in house, 100% in timescales. These continue to be done using a hybrid model due to hospital clinic attendance restrictions.

Review health assessments (RHA):

- Kirklees rolling 12-month data shows that **89% & 93.7%** of the 'Developmental' assessments (under 5yrs old) and 'Annual' assessments (over 5 yrs. old) respectively, were completed in statutory timescales.
- Locala monthly data for Sept. shows that **85%** of under 5-year-olds and **63%** of over 5-year-olds RHA's were completed in timescales. There were 12 in-house breaches, 9 x capacity, 2 x holiday, 1 re-arranged.
- A Business Case has been delivered to senior managers in the LA and Locala to request additional nursing resources to mitigate capacity & KPI issues.

Dental Checks (attended) within last 12 months:

- Kirklees rolling 12-month data shows that **61.6%** of children aged 1+, at the point of their RHA had attended the dentist. This figure takes account of previous months when there was a backlog of routine appointments.
- Locala monthly data for Sept shows that **91% & 97%** of children age 18months to under 5 yrs., and 5 to 18 yrs., had attended the dentist at the point of their RHA.

Registered at dentist:

- Locala data shows **93% & 100%** of children age 18m to 4 years and 5 years+ respectively at the point of their RHA, were registered with a dentist.
- The use of the 'Flexible Commissioning Project' has supported CLA and care leavers to register. We have seen recent staff changes in some practices affecting some availability. The Designated Nurse is to attend the 'Kirklees Oral Health Advisory Group', to advocate for vulnerable children and care leavers.

Substance misuse:

- 6 young people (**1.26%**) have admitted or are known to use substances that have a significant impact on their daily life when asked at their last RHA. All have been discussed with the local Substance Misuse Outreach worker, to ensure support has been offered.
- If a young person declines their RHA, a check is made with the social worker to ascertain if substance use is an issue.
- Any young person misusing substances at any level is offered support.

Children Looked After Convictions

Key Indicator	Type of measure	Quarter				*Benchmarking
		Oct-Dec 21/22 Q3	Jan-Mar 21/22 Q4	Apr-Jun 22/23 Q1	Jul-Sep 22/23 Q2	
4.12.01 Number of young people who have been looked after continually for 12 months or more aged between 10 and 17 who have offended and received a substantive outcome (Youth Caution/ Conditional Caution or a Court Order)	%	0.55% (2/364)	0.00% (0/364)	1.75% (6/343)	1.75% (6/343)	Eng.: 3.00% SN: 3.43% Y&H: 3.00%
	Direction of Travel	↔	↓	↑	↔	

Service Narrative

What difference have we made?

- For the year 2018/2019 65.8% of Children Looked After successfully completed their interventions but is however a much-improved picture from 2016 when less than 30% of Children Looked After successfully completed their interventions
- For the year 2019/2020 90.9% of Children Looked After successfully completed their interventions which in comparison with the last year is an increase of over 25% (65.8%).
- For the year April 20 to March 21, 87.7% of Children Looked After successfully completed their interventions. Whilst this performance is slightly worse than the same period of the previous year, it remains in line with that of the general population successfully completing their intervention.
- For the April 21 to March 22 period 64.3% of interventions completed by Children Looked After were completed successfully compared to 72.8% of the general population. This is a reduction in Children Looked After completion from the same period of last year which was 87.7%, whilst the general population remains broadly the same.
- Whilst the numbers of Children Looked After offending remain small in the cohort, we are seeing an increase in the numbers compared to the same period last year. In the year to date we have seen an increase in the percentage of CLA offending from 1.92% (21/22) to 3.49% (22/23).

What do we want to improve?

- Continued reduction in the numbers of Children Looked After offending. The overall cohort for the 22/23 year is smaller than the 21/22 year (343 compared to 364), but through continued interventions by the YOT, restorative processes, liaison with Children's Homes and creative out of court disposals it is hoped the offending rate will remain low
- There is a focus around Looked After Children in our subgroups – specifically Subgroup 2 – Reducing offending and reoffending.

Care Leavers

Key Indicator	Type of measure	Month End				*Benchmarking	
		Oct 21	Jul 22	Aug 22	Sep 22	SN	Eng.
5.01.04 Children in care aged 17 years and 4 months with a Personal Advisor	%	73.5%	100.0%	96.0%	97.9%	N/A	N/A
	Direction of Travel		↔	↓	↑

	Direction of Travel		↑	↓	↑		
5.01.09 Care Leavers in suitable accommodation	%	84.2%	88.9%	88.8%	88.3%	91.5%	88.0%
	Direction of Travel		↑	↓	↓		
5.01.10 Care Leavers Employment, Education and Training (EET)	%	57.1%	55.4%	59.2%	60.3%	48.0%	52.0%
	Direction of Travel		↑	↑	↑		
5.01.11 Number of Care Leavers with a Pathway Plan that is up to date	%	92.3%	73.0%	71.4%	68.7%	N/A	N/A
	Direction of Travel		↓	↓	↓		

Service Narrative

What difference did we make?

- *Contact with care leavers* – There has been a slight increase in relation to the number of Care Leavers we were in touch with during this month from 92.5% in August 2022 to 93.3% in September 2022. This also has, to be viewed in the context of this group being aged 18 plus and, in some situations, young people do not wish to keep in contact with their Personal Advisor. The team continue to work innovatively to keep in touch with all young people.
- *Number of young people in suitable accommodation* – There has been a significant impact on the increasing demands for tenancies. However, we continue to work with our housing colleagues who have agreed to prioritise the properties for our young people, and this has helped to improve our performance. In September 2022 we have seen a decrease to 88.3% from 88.8% in August 2022. We will continue to work with our Housing providers to ensure that suitable accommodation is available, we have also maintained strong links with private housing providers. We have continued to provide virtual and face to face life skills and pre-tenancy training and continue to explore collectively how we can improve independence training for our young people.
- *Children in Care aged 17 years with an allocated Personal Advisors* – There has been an increase in performance on this indicator this month from 96.0% in August 2022 to 97.9% in September 2022. Further work is to be undertaken as a priority with the team to address Personal Advisor (PA) allocation, but it is important to note that all the young people under 18 have an allocated Social Worker.
- *Education Employment Training* – Our performance in relation to Employment, Education and Training (EET) indicator is a focus for improvement. We have a C&K Careers Advisor in the Leaving Care Service. We have a pro-active multi-agency group to improve opportunities in partnership working and there is a real desire to ensure our young people are afforded the best of opportunities in relation to EET. In order, to offer support to our young people we have recently established a virtual clinic where extra support is available from our Careers Advisor. In September 2022 we have seen an increase to 60.3% from 59.2% in August 2022, in the number of young people who are either in employment, education, or training, this is also a priority area to be addressed by the team.
- *Pathway Plans* – We have seen a decrease in the numbers of young people who have an up-to-date pathway plan this month. We continue to work with the Personal Advisors to ensure pathway plans are completed in a timely manner to meet targets with a focus going forward on the improvement of the quality of plans, the involvement of young people and ensuring we capture their wishes and feelings. This is monitored at our performance meetings chaired by the service manager. Work is being undertaken to identify and address the issues that are impacting the timeliness of pathway plan reviews being undertaken.

What do we want to improve?

- *Number of young people with a pathway plan* – The number of young people with a pathway plan has increased. Work is currently ongoing within the service and it is expected that the measure will improve further. We continue to work with the Personal Advisors to ensure pathway plans are completed in a timely manner to meet targets with a focus going forward on the improvement of the quality of plans, the involvement of young people and ensuring we capture their wishes and feelings.
- We have recently reviewed our financial offer to our care leaver along with our staying put policy and they will be launched following approval. We aim to review our commitment to care leavers, and both will significantly improve and enhance our offer to our young people.
- To improve the allocation timeliness of Personal Advisors and the timeliness and quality of visits to young people.
- This is a key priority area for the service to address and increase the number of our young people who will have access to Education, Employment or Training.

Adoption

Key Indicator	Type of measure	Month End				*Benchmarking	
		Oct 21	Jul 22	Aug 22	Sep 22	SN	Eng.
5.02.01 Number of children adopted as a percentage of children leaving care (12 month rolling period)	% (number)	9.7% (23)	7.3% (14)	5.4% (11)	6.1% (12)	13.9%	10.0%
	Direction of Travel		↓	↓	↑		
A10 Average timescale (days) between the child coming into care and being placed with the adopter adjusted for foster carer adoptions (12 month rolling period)	Number	539.2	475.8	465.2	473.8	396.7 (17-20)	367.0 (17-20)
	Direction of Travel		↓	↓	↑		
A2 Average timescale (days) between receiving court authority to place a child and the council deciding to match the child with an adoptive family (12 month rolling period)	Number	234.2	205.1	208.0	215.4	180.0 (17-20)	175.0 (17-20)
	Direction of Travel		↑	↑	↑		

Service Narrative

What difference did we make?

- We have established weekly clinics to support children's Social Workers who are undertaking child permanence reports, sibling assessments and considering whether a plan for adoption is appropriate. This is a joint initiative between the Assessment & Intervention Service and One Adoption and will be supported by regular training and workshops. One Adoption continue to attend Legal Gateway and Permanence Panel on a weekly basis in order to track children with a plan for adoption and to ensure a family finder is allocated.
- If an adoption Placement ceases, then One Adoption have a 'disruption review' and their new procedure is on our procedure's website. They will be working with Kirklees staff on the implementation of this process. We have a structured Agency Decision Making process in relation to adoption planning. This includes legal and medical advice as well as advice from One Adoption West Yorkshire.
- Adoption Support Fund offers funding for ongoing support to adoptive families and children. There has been an increase in successful applications for Kirklees children that resulted in an increase of support, training and therapeutic input.
- During the recent COVID19 we have had some difficulties in relation to being able to progress transition plans however as restrictions have been lifted, we are now in a much stronger position in being able to progress these plans to be able to move children into their potential adoptive

Placement. As a result of the COVID 19 pandemic we have experienced delays in relation to court hearings for application for adoption orders again has restrictions have lifted this is now an improving picture.

What do we want to improve?

- To continue to develop working relationships between One Adoption West Yorkshire and Kirklees social workers and managers, to ensure we maximise the potential benefits of the regional adoption agency in Kirklees. Regular meetings between the Service Managers in One Adoption and Assessment and Intervention have been established which will improve areas of communication and partnership working to assist timely adoption for our children.
- We have been able to enable children to remain within family, whose alternative plan would have been that of adoption, through the Family Group Conference, and connected persons assessments.
- Kirklees will need to consider whether a panel environment would be of benefit, to consider the below recommendations. This could be similar to, if not, the same as Permanence panel, or be heard at this panel, as additional to the already set TORS.
- Maintaining a realistic outcome of rescindment, within 12 months of Placement Order, if links have not been productive. We also need to have scrutiny of this within the panel environment. This would involve the formulation and frequency of this panel, to ensure all the below issues are considered to have had the appropriate oversight and management.

Fostering

Service Narrative

What difference did we make?

- In September 2022 there were 8 new foster carer approvals, of which 7 were connected carers and 1 mainstream carer.
- The total number of approved Kirklees Foster Carers is 164 households and the number of Approved Connected registered Foster Carers is 60 households (source is Tableau)
- The number of children placed with Kirklees foster carers stood at 177 at the end of September 22, just below the 12-month average of 178.
- The number of Family and Friends Placements stood at 124 at the end of September 22, inclusive of Reg 24 Placements. The 12-month average is 110.
- The September 22 figure of 174 Independent Fostering Agency (IFA) placements for IFA placements is a decrease over the 12-month high of 185 seen in Mar 22. The 12-month average is 178.
- The data shows a net gain of 12 fostering households in the past 12 months.

What do we want to improve?

- Recruitment and retention of foster carers continues to be a priority. We are focussed on recruiting internal foster carers who can help us to meet our sufficiency needs around placements for older children, children with complex needs, offering short and long-term placements, and short notice / emergency placements.
- We want to ensure that new foster carers receive the right level of support particularly in their first year of fostering; induction, training and support from a Supervising Social Worker are all essential aspects of supporting and retaining new foster carers.
- The new website for foster carers is being further developed, to include additional information for that will inform prospective foster carers
- We now have in post a new Head of Service for sufficiency who will lead on implementing our modernisation plan for the Fostering Service. This service improvement plan will include further integration with the Placement Support Service, this work will be overseen by the Homes for Children Board.
- Under the wider sufficiency agenda, we are in the process of opening a new children's home, the building work has been slightly delayed and is now due to be completed within November 2022. Following completion of these works and hand over of the building we will initiate the registration process with Ofsted and start the process of matching staff and children to the home.

Appendix – Glossary of Terms

Term	Description
A&I	Assessment & Intervention (part of Family Support & Child Protection)
ADCS	Association of Directors of Children's Services
ASYE	Assessed and Supported Year in Employment (for a newly qualified Social Worker)
BSM	Business Support Manager
