BACKGROUND AND CONTEXT.

The purpose of this document is to set out the delegations from the Council's Executive and Council bodies to Officers within the Resources, Improvement and Partnership Directorate.

The <u>Constitution</u> of the Council is a written legal document that guides the council on its decision-making processes. The legal framework for the constitution is agreed by central government. It provides a basis and framework for the councillors and officers to work within, and ensures honesty, accountability and lawful decision making. The Constitution includes a Scheme of Delegation to Officers (<u>Part 3.7</u>) which enables Strategic Directors to make certain decisions relating to their areas of responsibility. Strategic Directors can delegate decision further to Service Directors and other officers within their services.

There is a requirement for each Strategic Director together with the Service Director for Legal, Governance and Commissioning to prepare Service Schemes of Delegations which set out how decisions will be made in each of the services for which they are responsible. These schemes should clearly establish which officers have been given authority to make decisions under the delegated powers of the Strategic Director or Service Director for Legal, Governance and Commissioning, the extent of the delegated authority of those officers and any terms, conditions and/or limitations subject to which those delegations must be exercised. All service schemes of delegation must be lodged with the Service Director for Legal, Governance and Commissioning which includes the role of Council Monitoring Officer and made available to the public on request.

Simply put, Delegation is a way of allocating matters to the levels appropriate to ensure that the Directorate's business is dealt with in the most efficient way possible. This means that some matters will be considered and approved by the Children's Senior Leadership Team (SLT) (Strategic Director & Service Directors) as appropriate, whereas others can be dealt with efficiently and properly by other members of the Children's Leadership Team (CLT) (defined at Grades 17-19), or other Officer Posts.

Delegated power will normally be exercised at the lowest level to which it has been given. However, all such powers will also be held by SLT and no delegation shall preclude the reference of matters for a decision to that body, except where action has already been taken. This provision is subject to statutory requirements which may apply from time to time.

This document forms the Service Scheme of Delegation for the services that come under the Resources, Improvement and Partnership Directorate.

The officers holding posts named within this scheme may only exercise the delegated powers set out in this scheme in accordance with:

a) All relevant statutory requirements including the principles of public law and the provisions of the Human Rights Act 1998, statutory guidance, and statutory codes of practice; and

- b) The provisions of this Constitution (including the provisions of the Access to Information Procedure Rules relating to the taking of key decisions); and
- c) The revenue and capital budgets of the council, subject to any variation thereof permitted by the Council's Financial Procedure Rules.

All decisions taken must be clearly recorded and must clearly identify the officer responsible for taking the decision.

Where a post to which any decision has been delegated is renamed or is affected by a staffing reorganisation, then the relevant delegation shall be treated as applying to the renamed post or, as appropriate, to the post which has been allocated the same or substantially the same relevant duties as the original post following that reorganisation.

Although the decisions in this scheme have been delegated to officers, there is a requirement to consult local ward Councillors and community lead Councillors if the decision you are making has a direct impact on a local community. Local ward Councillors should be kept aware of any decisions made and implemented under delegated powers that affect members of the community in their ward – however, the advice of your Head of Service should be sought before contact is made with any Councillors.
