### Who is governed by this policy?

The scheme of delegations will apply to all permanent, contract and temporary staff working for the Council.

#### Summary

The Council's Constitution requires that the Directorate will prepare a Scheme of Delegation. Such schemes should clearly establish which officer posts have been given authority to make decisions under the delegated powers of the Director or Assistant Directors. All schemes of delegation will be lodged with the Council's Monitoring Officer and made available to the public on request.

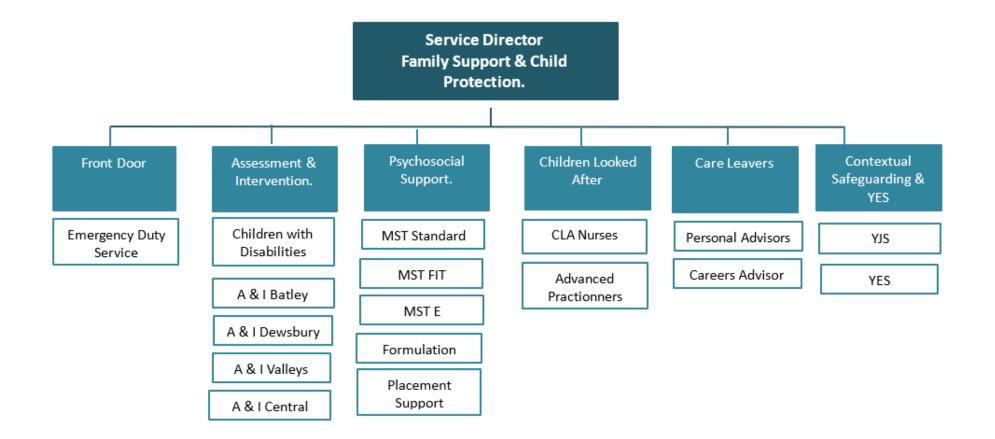

All delegations are subject to compliance with the law, the Council's Constitution, its Procurement Code, Financial Regulations and other relevant policies and procedures. All delegations may be exercised by the Director of Children's Services as well as those posts set out in this Scheme of Delegation.

Delegation is simply a way of allocating matters to the levels appropriate to ensure that the Directorate's business is dealt with in the most efficient way possible. This means that some matters will be considered and approved by the Children's Services Senior Leadership Team (SLT) (Strategic Director & Service Directors) as appropriate, whereas others can be dealt with efficiently and properly by other members of the Children's Services Family Support and Child Protection and Learning and Early Support Leadership teams (defined at Grades 17-19), or other Officer Posts.

Delegated power will normally be exercised at the lowest level to which it has been given. However, all such powers will also be held by SLT and no delegation shall preclude the reference of matters for a decision to that body, except where action has already been taken. This provision is subject to statutory requirements which may apply from time to time.

Where an officer post to which any function has been delegated is renamed or is affected by a staffing reorganisation, then the relevant delegation shall be treated as applying to the renamed post or, as appropriate, to the post which has been allocated the same or substantially the same relevant duties as the original post following that reorganisation.

Although powers have been delegated to officers, there is a requirement to consult local ward councillors and community lead councillors if the decision you are making has a direct impact on a local community. Local ward councillors should be kept aware of any decision made and implemented under delegated powers that affects members of the community in their ward.
