

<p>1. Name or title of the decision</p>	<p>Request Agreement to Implement Full Cost Recovery for the CarePhones Service.</p>
<p>2. Brief description of the reason and why it has been taken <u>and</u> any alternative options that were considered and rejected by officers.</p> <p><u>Please included any date when the decision is expected to take effect.</u></p>	<p>The reason the decision has been taken is to enable the service to re-design and expand to meet the demand through the service and modernise the service in line with technical changes.</p> <p>The care phone service has evolved over recent years to offer more sophisticated options for people in order that they can remain independent. Alongside this, as part of digital switchover, new technology is being implemented based on mobile phone rather than landline technology.</p> <p>The Council is reviewing and increasing its charges for this service so that the charges continue to reflect the cost of providing the service. The service remains more cost effective for individuals than receiving more formal care services. It also provides reassurance and confidence to informal carers who do not live in the same household as the care phone user.</p> <p>If the corporate costs are to be included it will be £3.57 per week increase for all existing customers plus the £50 installation charge for all new customers. The Total Weekly Cost will be as follows: Standard package increasing from £5.60 per week to £9.17 - an increase of £3.57. Enhanced package increasing from £6.30 per week to £9.87 - an increase of £3.57. The total cost for the team is £1,438,532 (made up of £1,192,032 staff & £246,500 corporate cost).</p> <p>The service provides people with the means of calling for help if they require urgent assistance, and when working in partnership with the Mobile Response Service, makes a positive contribution to reducing pressure on blue light services.</p> <p>Assisted technology packages are regularly provided to support patient discharge from hospital in their own homes this reduces the risk of a hospital re-admission. This enables Carephone users carry on living independent lives in the places and communities they call home and stay as well as possible for as long as possible and those at risk of harm or abuse are kept safe.</p> <p>Assistive technology, such as telecare, is recognised by the Kirklees Assistive Technology strategy as having a role in reducing the need for statutory care services through supportive, responsive, or preventative solutions.</p>

	<p>The benefits of the technology are also experienced by family carers, providing reassurance that their family member can call for assistance at any time day or night. For some informal carers the reassurance results in greater economic independence as they have the confidence to seek out or maintain employment in the knowledge that help is available for their loved one should it be required.</p> <p>The impact of this on carer wellbeing and ability to sustain informal care, prevents, reduces and delays the need for statutory services.</p> <p>Assisted technology is improving and advancing all the time leading to more creative support linked through the care phone system.</p> <p>Risks: The service would not be sustainable longer term. There would be no scope for modernisation or expansion of the service to meet growing demand.</p> <p>The service could not be covered over a 24-hour period. The service would need to re-evaluate the offer to the public.</p> <p>It would be difficult to manage the current level of support given to Care phone users leaving them at risk in their own homes.</p>
<p>3. Please state which Scheme of Delegation and Officer is responsible <i>Please refer to the Scheme of Delegation for the relevant service –</i> Kirklees Council</p>	<p>Directorate name: Adults, Housing and Health</p> <p>Section of Scheme (inc section name and page no, e.g. Petty cash or Governance): 1.6 A) Income and Collection</p> <p>Job Title/Decision maker (from delegation scheme): Richard Parry- Strategic Director- Following submission of a report to Portfolio Briefing.</p> <p>If the delegated decision is being taken following a previous report to cabinet, please make reference to this in the pro-forma</p>
<p>4. Has this Officer delegated decision had sign off from your Strategic Director?</p>	<p>Signed off by Strategic Director Yes</p>
