For the attention of Mr. J. W. Heley.

Dear Sir,

National Parks and Access to the Countryside Act, 1949.
Part IV. Survey of Public Rights of Way.
Paths Nos. 3, 4, 34, 35, 36, 38, and 70, Meltham.

Thank you for your letter dated 28th April 1978 in prompt reply to mine of the 25th. I have noted your remarks and thank you for bringing me up to date with the situation in so succinct a manner.

In your letter you say that work has now re-started on the revision of the Definitive Map, and that review items in the Kirklees Area will be taken in hand later this year, and that our claims will then receive due and proper consideration. I would be grateful if you will kindly let me know as to whether my correspondence to you of March 1973 is regarded as a "claim for due and proper consideration", or do I, on behalf of most of the other local residents, have to make further representations either to you or to any other body?

I look forward to hearing from you in due course.

Yours sincerely,

Austin F. Holroyd
