1. Executive Summary

1.1 The work of the Health and Adult Social Care Scrutiny Panel includes a focus on the quality of care in local health and adult social care services. A key objective of regulators of health and adult social care is to provide people with safe, effective, compassionate and high-quality care and to encourage care services to improve.

1.2 The CQC is the independent regulator of health and adult social care, and its role is to monitor, inspect and regulate services to make sure that they meet fundamental standards of quality and safety.

1.3 Before a care provider can carry out any of the activities that are regulated by CQC, they must register with CQC and demonstrate that they will be able to meet a number of legal requirements.

1.4 Activities regulated by CQC include the treatment, care and support provided by hospitals, GP practices, dental practices, ambulance services, care homes and home-care agencies.

1.5 CQC have recently introduced a new assessment process. The new model will have differences for health and care providers in gathering evidence; the frequency of assessments and assessing quality of services.

1.6 CQC started the new assessment process with an early adopter programme involving a small group of providers and used what they had learnt to help improve how changes were implemented.

1.7 Details of the new assessment process is attached.

1.8 The work of CQC has been included on the Health and Adult Social Care Scrutiny Panel Work Programme for a number of years and has helped the Panel to gain a good understanding of the state of care that is being provided across Kirklees.

1.9 Representatives from CQC will be in attendance to provide the Panel with an overview of the state of care across the district that will include an overview of ratings for Adult Social Care (ASC), Primary Medical Services (PMS) and Mental Health (MH) Services.
