- (1) In this Act—
 - (a) “procurement” means the award, entry into and management of a contract;
 - (b) “covered procurement” means the award, entry into and management of a public contract.
- (2) In this Act, a reference to a procurement or covered procurement includes a reference to—

 - (b) a part of the procurement;
 - (c) termination of the procurement before award.
- (3) In this Act, a reference to a contracting authority carrying out a procurement or covered procurement is a reference to a contracting authority carrying out a procurement or covered procurement—
 - (a) on its own behalf, including where it acts jointly with or through another person other than a centralised procurement authority, and
 - (b) if the contracting authority is a centralised procurement authority—
 - (i) for or on behalf of another contracting authority, or

Status: This is the original version (as it was originally enacted).

(ii) for the purpose of the supply of goods, services or works to another contracting authority.

(4) In this Act, “centralised procurement authority” means a contracting authority that is in the business of carrying out procurement for or on behalf of, or for the purpose of the supply of goods, services or works to, other contracting authorities.

2 Contracting authorities

(1) In this Act “contracting authority” means—

- (a) a public authority, or
 - (b) in the case of a utilities contract, a public authority, public undertaking or private utility,
- other than an excluded authority.

(2) In this Act—

“public authority” means a person that is—

- (a) wholly or mainly funded out of public funds, or
- (b) subject to public authority oversight,

and does not operate on a commercial basis (but see subsections (9) and (10));

- (a) is subject to public authority oversight, and
- (b) operates on a commercial basis;

“private utility” means a person that—

- (a) is not a public authority or public undertaking, and
- (b) carries out a utility activity.

(3) A person is subject to public authority oversight if the person is subject to the management or control of—

- (a) one or more public authorities, or
- (b) a board more than half of the members of which are appointed by one or more public authorities.

(4) The following are examples of factors to be taken into account in determining whether a person operates on a commercial basis—

- (a) whether the person operates on the basis that its losses would be borne, or its continued operation secured, by a public authority (whether directly or indirectly);
- (b) whether the person contracts on terms more favourable than those that might reasonably have been available to it had it not been associated with a public authority;
- (c) whether the person operates on a market that is subject to fair and effective competition.

(5) The following authorities are excluded authorities—

- (a) a devolved Scottish authority;
- (b) the Security Service, the Secret Intelligence Service and the Government Communications Headquarters;
- (c) the Advanced Research and Invention Agency;
- (d) any person that is subject to public authority oversight—

Status: This is the original version (as it was originally enacted).

- (i) only by reference to a devolved Scottish authority, or
 - (ii) by reference to an authority mentioned in paragraph (b) or (c).
- (6) An authority is a “devolved Scottish authority” if its functions are exercisable only in or as regards Scotland, and—
 - (a) none of its functions relate to reserved matters, or
 - (b) some of its functions relate to reserved matters and some do not.
- (7) A contracting authority that is a public undertaking or private utility is to be treated as a devolved Scottish authority for the purposes of this Act if it operates only in or as regards Scotland, and—
 - (a) none of its activities relate to reserved matters, or
 - (b) some of its activities relate to reserved matters and some do not.
- (8) In this Act, a reference to a devolved Scottish authority includes a reference to an authority that is to be treated as a devolved Scottish authority for the purposes of this Act.
- (9) In this Act, a reference to a public authority includes a reference to the Common Council of the City of London.
- (10) For the purposes of this Act, a person that operates on a commercial basis but is, as a controlled person, awarded an exempted contract by a public authority in reliance on paragraph 2 of Schedule 2 (vertical arrangements) is to be treated as a public authority in relation to any relevant sub-contract.
- (11) This Act does not apply to His Majesty acting in his private capacity.
- (12) In this section—
 - “relevant sub-contract” means a contract substantially for the purpose of performing (or contributing to the performance of) all or any part of the exempted contract;
 - “reserved matters” has the same meaning as in the Scotland Act 1998.

3 Public contracts

- (1) A “public contract” is a contract of a kind specified in subsection (2), (3) or (4).
- (2) Any contract for the supply, for pecuniary interest, of goods, services or works to a contracting authority which—
 - (a) has an estimated value of not less than the threshold amount for the type of contract, and
 - (b) is not an exempted contract.
- (3) Any framework which—
 - (a) has an estimated value of not less than the threshold amount for the type of contract, and
 - (b) is not an exempted contract.
- (4) Any concession contract which—
 - (a) has an estimated value of not less than the threshold amount for the type of contract, and
 - (b) is not an exempted contract.

Status: This is the original version (as it was originally enacted).

- (5) Schedule 1 sets out the threshold amounts.
- (6) Schedule 2 sets out contracts that are exempted contracts for the purposes of this Act.

4 Valuation of contracts

- (1) For the purposes of this Act, the “estimated value” of a contract is its value for the time being estimated by a contracting authority.
- (2) A contracting authority that estimates the value of a contract must do so in accordance with Schedule 3.
- (3) A contracting authority must not exercise a discretion in connection with estimating the value of a contract with a view to securing that any requirement of this Act does not apply in relation to the contract.

5 Mixed procurement: above and below threshold

- (1) Subsection (3) applies if, on award of a below-threshold contract other than a framework, a contracting authority considers that—
 - (a) certain of the goods, services or works to be supplied under the contract could reasonably be supplied under a separate contract, and
 - (b) that contract would have an estimated value of not less than the threshold amount for a contract of its type.
- (2) Subsection (3) applies if, on award of a below-threshold contract that is a framework, a contracting authority considers that—
 - (a) certain of the goods, services or works to be supplied under contracts awarded in accordance with the framework could reasonably be supplied under a contract not awarded in accordance with the framework, and
 - (b) that contract would have an estimated value of not less than the threshold amount for a contract of its type.
- (3) The contract is to be treated as having an estimated value of not less than the threshold amount for the type of contract.
- (4) In considering whether goods, services or works could reasonably be supplied under a separate contract, a contracting authority may, for example, have regard to the practical and financial consequences of awarding more than one contract.
- (5) In this Act “below-threshold contract” means—
 - (a) a contract for the supply, for pecuniary interest, of goods, services or works to a contracting authority,
 - (b) a framework, or
 - (c) a concession contract,that has an estimated value of less than the threshold amount for the type of contract.
- (6) This section does not apply to a contract awarded in accordance with a framework.

- (2) In this Act, “utility activity” means an activity that—
- (a) is specified in Part 1 of Schedule 4,
 - (b) is not specified in Part 2 of Schedule 4,
 - (c) is not carried out wholly outside the United Kingdom, and
 - (d) in the case of an activity carried out by a person that is not a public authority or public undertaking, is carried out pursuant to a special or exclusive right.
- (3) A person carries out a utility activity pursuant to a “special or exclusive right” if—
- (a) the person (whether alone or with others) has been granted a right to carry out the activity pursuant to any statutory, regulatory or administrative provision, and
 - (b) that provision also substantially limits the ability of persons not granted the right to carry on the activity.
- (4) But a right to carry out a utility activity is not a “special or exclusive right” if it is granted—
- (a) following award under section 19 (competitive award), or
 - (b) otherwise pursuant to a procedure in which—
 - (i) the opportunity to be granted the right was publicised widely enough to avoid an artificial narrowing of competition, and
 - (ii) the grant of the right was based on criteria that did not favour or disadvantage certain persons.
- (5) An appropriate authority may by regulations amend Part 2 of Schedule 4 for the purpose of—
- (a) specifying an activity, or
 - (b) removing an activity.
- (6) Regulations under subsection (5) may not specify an activity unless the authority is satisfied that—
- (a) the activity is carried out on a market that is subject to fair and effective competition, and
 - (b) entry to that market is unrestricted.
- (7) In this Act, a reference to a utilities contract includes a reference to a framework for the future award of contracts for the supply of goods, services or works wholly or mainly for the purpose of a utility activity.

- (1) In this Act, “defence and security contract” means a contract for the supply of—

- (4) In this Act, “defence authority contract” means a defence and security contract awarded by a defence authority.
- (5) A “defence authority” is a contracting authority specified in regulations made by a Minister of the Crown.
- (6) A Minister of the Crown may only specify a contracting authority for the purposes of subsection (5) if the Minister considers that the authority exercises its functions wholly or mainly for the purposes of defence or national security.
- (7) In this section—
- “classified information” means information or other material which—

 - “sensitive equipment” means equipment for use for security purposes where—

Status: This is the original version (as it was originally enacted).

- (a) the use or supply of the equipment may involve dealing with classified information,
- (b) the supply of the equipment requires access to a physical site or to other equipment as a result of which classified information is likely to be accessible to the supplier, or
- (c) the equipment contains classified information;
“sensitive services” means services performed for security purposes where performing the services—
 - (a) involves dealing with classified information, or

 - (a) at least part of the consideration for that supply is a right for the supplier to exploit the works or services, and
 - (b) under the contract the supplier is exposed to a real operating risk.
- (2) An “operating risk” is a risk that the supplier will not be able to recover its costs in connection with the supply and operation of the works or services, where the factors giving rise to that risk—
 - (a) are reasonably foreseeable at the time of award, and
 - (b) arise from matters outside the control of the contracting authority and the supplier.

9 Light touch contracts

- (1) In this Act, “light touch contract” means a contract wholly or mainly for the supply of services of a kind specified in regulations under subsection (2).

Status: This is the original version (as it was originally enacted).

- (2) An appropriate authority may by regulations specify services for the purposes of the definition in subsection (1).
- (3) But an appropriate authority may specify services only if, having had regard to the nature of those services, the authority considers that it is appropriate for the award of public contracts for their supply to be exempted from the provisions of this Act that do not apply to light touch contracts.
- (4) In having regard to the nature of services for that purpose, the appropriate authority must, in particular, consider the extent to which—
 - (a) suppliers from outside the United Kingdom are likely to want to compete for contracts for the supply of the services;
 - (b) the services are supplied for the benefit of individuals (for example, health or social care services) or the community generally;
 - (c) proximity between the supplier and the recipient of the services is necessary or expedient for the effective and efficient supply of the services.

10 Mixed procurement: special regime contracts

- (1) Subsection (3) applies if, on award of a special regime contract other than a framework, a contracting authority considers that—
 - (a) certain of the goods, services or works to be supplied under the contract could reasonably be supplied under a separate contract, and
 - (b) that contract—
 - (i) would not be a special regime contract of the same kind (or at all), and
 - (ii) would have an estimated value of not less than the threshold amount for the type of contract.
- (2) Subsection (3) applies if, on award of a special regime contract that is a framework, a contracting authority considers that—
 - (a) certain of the goods, services or works to be supplied under contracts awarded in accordance with the framework could reasonably be supplied under a contract not awarded in accordance with the framework, and
 - (b) that contract—
 - (i) would not be a special regime contract of the same kind (or at all), and
 - (ii) would have an estimated value of not less than the threshold amount for the type of contract.
- (3) The contract is not to be treated as a special regime contract for the purposes of this Act.
- (4) Subsection (3) does not apply to prevent the contract from being treated as a defence and security contract if the contracting authority has good reasons for not awarding separate contracts.
- (5) In considering whether goods, services or works could reasonably be supplied under a separate contract, a contracting authority may, for example, have regard to the practical and financial consequences of awarding more than one contract.

- (6) A “special regime contract” means—
- (a) a concession contract,
 - (b) a defence and security contract,
 - (c) a light touch contract, or
 - (d) a utilities contract,

- (7) This section does not apply for the purpose of determining whether a contract is a public contract.
- (8) This section does not apply to a contract awarded in accordance with a framework.

PART 2

PRINCIPLES AND OBJECTIVES

11 Covered procurement only in accordance with this Act

- (1) A contracting authority may not carry out a covered procurement except in accordance with this Act.
- (2) Accordingly, a contracting authority may not enter into a public contract unless it is awarded in accordance with—
- (a) section 19 (competitive award);
 - (b) section 41 (direct award in special cases);
 - (c) section 43 (direct award after switching procedures);
 - (d) section 45 (award under frameworks).

12 Covered procurement: objectives

- (1) In carrying out a covered procurement, a contracting authority must have regard to the importance of—
- (a) delivering value for money;
 - (b) maximising public benefit;
 - (c) sharing information for the purpose of allowing suppliers and others to understand the authority’s procurement policies and decisions;
 - (d) acting, and being seen to act, with integrity.
- (2) In carrying out a covered procurement, a contracting authority must treat suppliers the same unless a difference between the suppliers justifies different treatment.
- (3) If a contracting authority considers that different treatment is justified in a particular case, the authority must take all reasonable steps to ensure it does not put a supplier at an unfair advantage or disadvantage.
- (4) In carrying out a covered procurement, a contracting authority must—
- (a) have regard to the fact that small and medium-sized enterprises may face particular barriers to participation, and
 - (b) consider whether such barriers can be removed or reduced.

Status: This is the original version (as it was originally enacted).

13 The national procurement policy statement

- (1) A Minister of the Crown may publish a statement setting out the Government's strategic priorities in relation to procurement.
- (2) In this section, "the national procurement policy statement" means the statement for the time being published under this section.
- (3) Before publishing the national procurement policy statement, a Minister of the Crown must—

 - (b) make any changes to the statement that appear to the Minister to be necessary in view of responses to the consultation, and
 - (c) lay the statement before Parliament.
- (4) A Minister of the Crown must withdraw the national procurement policy statement if, before the end of the 40-day period, either House of Parliament resolves not to approve it.
- (5) "The 40-day period" is the period of 40 days beginning with the day on which the statement is laid before Parliament (or, if it is not laid before each House of Parliament on the same day, the later of the days on which it is laid).
- (6) When calculating the 40-day period, ignore any period during which Parliament is dissolved or prorogued or during which both Houses are adjourned for more than four days.
- (7) A Minister of the Crown must keep the national procurement policy statement under review.
- (8) The national procurement policy statement may be amended or replaced by a subsequent statement, and this section applies in relation to any amended or replacement statement as it applies in relation to the original statement.
- (9) A contracting authority must have regard to the national procurement policy statement.
- (10) Subsection (9) does not apply—
 - (a) to private utilities;
 - (b) in relation to the award of a contract—
 - (i) in accordance with a framework, or
 - (ii) by reference to suppliers' membership of a dynamic market;
 - (c) in relation to procurement under a devolved Welsh procurement arrangement or transferred Northern Ireland procurement arrangement;
 - (d) to a devolved Welsh authority or transferred Northern Ireland authority, except in relation to procurement under a reserved procurement arrangement (but not an arrangement of a kind mentioned in paragraph (b)).

- (2) In this section, "the Wales procurement policy statement" means the statement for the time being published under this section.

- (3) Before publishing the Wales procurement policy statement, the Welsh Ministers must—
 - (a) carry out such consultation as the Welsh Ministers consider appropriate,
 - (b) make any changes to the statement that appear to the Welsh Ministers to be necessary in view of responses to the consultation, and
 - (c) lay the statement before the Senedd.
- (4) The Welsh Ministers must withdraw the Wales procurement policy statement if, before the end of the period of 40 days beginning with the day on which the statement is laid before the Senedd, the Senedd resolves that the statement be annulled.
- (5) When calculating the period of 40 days for the purposes of subsection (4), ignore any period during which the Senedd is dissolved or in recess for more than four days.
- (6) The Welsh Ministers must keep the Wales procurement policy statement under review.
- (7) The Wales procurement policy statement may be amended or replaced by a subsequent statement, and this section applies in relation to any amended or replacement statement as it applies in relation to the original statement.
- (8) The following contracting authorities must have regard to the Wales procurement policy statement—
 - (a) a devolved Welsh authority, except in relation to procurement under a reserved procurement arrangement or transferred Northern Ireland procurement arrangement;
 - (b) a contracting authority other than a devolved Welsh authority in relation to procurement under a devolved Welsh procurement arrangement.
- (9) But subsection (8) does not apply—
 - (a) to private utilities;

- (4) See section 54(4) for provision for reduced tendering periods in cases where a qualifying planned procurement notice has been published.

16 Preliminary market engagement

- (1) Before publishing a tender notice in respect of a public contract, a contracting authority may engage with suppliers and other persons for the purpose of—
 - (a) developing the authority’s requirements and approach to the procurement;
 - (b) designing a procedure, conditions of participation or award criteria;
 - (c) preparing the tender notice and associated tender documents;
 - (d) identifying suppliers that may be able to supply the goods, services or works required;
 - (e) identifying likely contractual terms;
 - (f) building capacity among suppliers in relation to the contract being awarded.
- (2) Engagement under subsection (1) is called “preliminary market engagement”.
- (3) In carrying out preliminary market engagement, a contracting authority must take steps to ensure that—
 - (a) suppliers participating in the preliminary market engagement are not put at an unfair advantage, and
 - (b) competition in relation to the award of the public contract is not otherwise distorted.
- (4) Subsection (5) applies if a contracting authority considers that—
 - (a) a supplier’s participation in preliminary market engagement has put the supplier at an unfair advantage in relation to the award of a public contract, and
 - (b) the advantage cannot be avoided.
- (5) The contracting authority must in relation to the award—
 - (a) treat the supplier as an excluded supplier for the purpose of—
 - (i) assessing tenders under section 19 (competitive award), or
 - (ii) awarding a contract under section 41 or 43 (direct award), and
 - (b) exclude the supplier from participating in, or progressing as part of, any competitive tendering procedure.

17 Preliminary market engagement notices

- (1) If a contracting authority carries out preliminary market engagement, the authority must—
 - (a) publish a preliminary market engagement notice before publishing a tender notice, or
 - (b) provide reasons for not doing so in the tender notice.
- (2) A “preliminary market engagement notice” means a notice setting out—

Status: This is the original version (as it was originally enacted).

- (a) that the contracting authority intends to conduct, or has conducted, preliminary market engagement, and
- (b) any other information specified in regulations under section 95.

18 Duty to consider lots

- (1) Before publishing a tender notice in respect of a public contract, a contracting authority must consider—
 - (a) whether the goods, services or works to be supplied under the contract could reasonably be supplied under more than one contract, and
 - (b) whether such contracts could appropriately be awarded by reference to lots.
- (2) If the contracting authority considers that the goods, services or works could reasonably be supplied under more than one contract and such contracts could appropriately be awarded by reference to lots, the authority must—
 - (a) arrange for the award of the contract or contracts by reference to lots, or
 - (b) provide reasons for not doing so.

CHAPTER 2

COMPETITIVE AWARD

Terms of a procurement

19 Award of public contracts following a competitive tendering procedure

- (1) A contracting authority may award a public contract to the supplier that submits the most advantageous tender in a competitive tendering procedure.
- (2) The “most advantageous tender” is the tender that the contracting authority considers—
 - (a) satisfies the contracting authority’s requirements, and
 - (b) best satisfies the award criteria when assessed by reference to—
 - (i) the assessment methodology under section 23(3)(a), and
 - (ii) if there is more than one criterion, the relative importance of the criteria under section 23(3)(b).
- (3) In assessing tenders for the purposes of this section a contracting authority—
 - (a) must disregard any tender from a supplier that does not satisfy the conditions of participation;
 - (b) may disregard any tender from a supplier that—
 - (i) is not a United Kingdom supplier or treaty state supplier, or
 - (ii) intends to sub-contract the performance of all or part of the contract to a supplier that is not a United Kingdom supplier or treaty state supplier;
 - (c) may disregard any tender that offers a price that the contracting authority considers to be abnormally low for performance of the contract;
 - (d) may disregard any tender which breaches a procedural requirement set out in the tender notice or associated tender documents.

Status: This is the original version (as it was originally enacted).

- (4) Before disregarding a tender under subsection (3)(c) (abnormally low price), a contracting authority must—
 - (a) notify the supplier that the authority considers the price to be abnormally low, and
 - (b) give the supplier reasonable opportunity to demonstrate that it will be able to perform the contract for the price offered.
- (5) If the supplier demonstrates to the contracting authority’s satisfaction that it will be able to perform the contract for the price offered, the authority may not disregard the tender under subsection (3)(c) (abnormally low price).
- (6) The reference to a tender breaching a procedural requirement includes a reference to a supplier breaching a procedural requirement in relation to the tender.
- (7) In this Act, a reference to a contracting authority’s requirements is a reference to requirements described in the tender notice or associated tender documents (see section 21(5) and (6)).
- (8) See sections 26 and 28 for provision about disregarding tenders from suppliers that are excluded or excludable suppliers or that are sub-contracting to excluded or excludable suppliers.
- (9) See sections 32 and 33 for provision about reserving public contracts to supported employment providers and qualifying public service mutuals.
- (10) See section 34 for provision about disregarding tenders from suppliers that are not members of a dynamic market.
- (11) In this section “procedural requirement” includes a requirement that a supplier provide information.

20 Competitive tendering procedures

- (1) Before awarding a public contract under section 19, a contracting authority must carry out a competitive tendering procedure in accordance with a tender notice and any associated tender documents.
- (2) A “competitive tendering procedure” is—
 - (a) a single-stage tendering procedure without a restriction on who can submit tenders (an “open procedure”), or
 - (b) such other competitive tendering procedure as the contracting authority considers appropriate for the purpose of awarding the public contract (a “competitive flexible procedure”).
- (3) A contracting authority must ensure that the procedure is a proportionate means of awarding the public contract, having regard to the nature, complexity and cost of the contract.
- (4) A competitive flexible procedure—
 - (a) may limit the number of participating suppliers, generally or in respect of particular tendering rounds or other selection processes;
 - (b) may provide for the refinement of award criteria in accordance with section 24;

Status: This is the original version (as it was originally enacted).

- (c) may not permit the participation of suppliers that did not submit a tender in the first round of tendering or that were excluded following an earlier round.
- (5) A competitive flexible procedure may provide for the exclusion of suppliers—
 - (a) by reference to conditions of participation (see section 22);
 - (b) by reference to an intermediate assessment of tenders;
 - (c) that are not United Kingdom suppliers or treaty state suppliers;
 - (d) that intend to sub-contract the performance of all or part of the contract to a supplier that is not a United Kingdom supplier or treaty state supplier.
- (6) The reference in subsection (5)(b) to an intermediate assessment of tenders is a reference to an assessment of which tenders—
 - (a) satisfy the contracting authority’s requirements, and
 - (b) best satisfy the award criteria at the point of exclusion, when assessed by reference to—
 - (i) the assessment methodology under section 23(3)(a), and
 - (ii) if there is more than one criterion, the relative importance of the criteria under section 23(3)(b),in each case, at the point of assessment.
- (7) A competitive tendering procedure may, if a contract is being awarded by reference to lots, limit the number of lots in respect of which any one supplier can submit a tender.

- (5) A contracting authority may not invite suppliers to submit a tender as part of a competitive tendering procedure unless it is satisfied that the tender notice or associated tender documents contain—
 - (a) information sufficient to allow suppliers to prepare such a tender, and
 - (b) in particular, details of the goods, services or works required by the contracting authority.
- (6) In detailing its requirements, a contracting authority must be satisfied that they—
 - (a) are sufficiently clear and specific, and

 - (b) the technical ability to perform the contract.
- (2) A “condition of participation” is a condition that a supplier must satisfy if the supplier is to be awarded the public contract.
- (3) A condition set under subsection (1)(a) may not—

- (5) When considering whether a condition is proportionate for the purposes of subsection (1), a contracting authority must have regard to the nature, complexity and cost of the public contract.
- (6) A condition of participation may require the provision of evidence that is verifiable by a person other than the supplier.
- (7) If a supplier does not satisfy a condition of participation, the contracting authority may exclude the supplier from participating in, or progressing as part of, the competitive tendering procedure.

Status: This is the original version (as it was originally enacted).

 - (d) are a proportionate means of assessing tenders, having regard to the nature, complexity and cost of the contract.
- (3) In setting award criteria, a contracting authority must—
 - (a) describe how tenders are to be assessed by reference to them and, in particular, specify whether failure to meet one or more criteria would disqualify a tender (the “assessment methodology”), and
 - (b) if there is more than one criterion, indicate their relative importance by—
 - (i) weighting each as representing a percentage of total importance,
 - (ii) ranking them in order of importance, or
 - (iii) describing it in another way.
- (4) In setting award criteria for the assessment of tenders by reference to lots, a contracting authority—
 - (a) may limit the number of lots that may be awarded to any one supplier, and
 - (b) in doing so, must provide an objective mechanism for supplier selection in circumstances where a supplier would otherwise exceed the limit.
- (5) In subsection (2), the reference to the subject-matter of a contract includes a reference to—
 - (a) the goods, services or works to be supplied under the contract, including in respect of any aspect of their production, trading or other stage in their life-cycle;

- (2) A contracting authority may, in consequence of refining an award criterion under subsection (1), refine the indication of the relative importance of the award criteria under section 23(3)(b).
- (3) A contracting authority may not make a refinement under this section if it would result in award criteria that would, had the refinement been made earlier, have allowed one or more suppliers that did not progress beyond an earlier round or selection process to have done so.
- (4) A contracting authority must modify and republish or provide again the tender notice and any associated tender documents affected by refinements under this section.

25 Sub-contracting specifications

- (1) Subsection (2) applies if a contracting authority considers that the authority could award a contract for the supply of certain goods, services or works to a particular supplier under section 41 (direct award in special cases).

 - (c) failure to do so would prejudice the conduct of military or security operations, or the effective operation of the armed forces or intelligence services, or

Status: This is the original version (as it was originally enacted).

- (d) the contract is being awarded by reference to paragraph 13 of Schedule 5 (extreme and unavoidable urgency) and cannot be awarded to, or performed by, a supplier that is not an excluded supplier within the necessary time frame.
- (6) The direct award justifications are set out in Schedule 5.
- (7) In this section, “intelligence services” means the Security Service, the Secret Intelligence Service and the Government Communications Headquarters.

42 Direct award to protect life, etc

- (1) If a Minister of the Crown considers it necessary, the Minister may by regulations provide that specified public contracts may be awarded under section 41 as if a direct award justification applies.
- (2) In subsection (1), “necessary” means necessary to—
 - (a) protect human, animal or plant life or health, or
 - (b) protect public order or safety.
- (3) Provision under subsection (1) may—
 - (a) specify contracts or classes of contract, or otherwise describe contracts by reference to purpose, subject-matter or contracting authority;
 - (b) include other conditions or limitations;
 - (c) confer a discretion.
- (4) A Minister of the Crown must—
 - (a) keep regulations made under subsection (1) under review, and
 - (b) if the Minister considers that direct award under section 41 is no longer necessary, revoke the regulations.

43 Switching to direct award

- (1) A contracting authority may award a public contract directly to a supplier that is not an excluded supplier if—
 - (a) the authority has invited suppliers to submit tenders as part of, or requests to participate in, a competitive tendering procedure in respect of the contract,
 - (b) it has not received any suitable tenders or requests in response, and
 - (c) it considers that award under section 19 is not possible in the circumstances.
- (2) A tender or request is not suitable if the contracting authority considers that—
 - (a) it would be disregarded in an assessment of tenders under section 19(3)(a), (b) or (c);
 - (b) it does not satisfy the contracting authority’s requirements or the award criteria when assessed by reference to the assessment methodology and the relative importance of the criteria indicated under section 23(3);
 - (c) there is evidence of corruption or collusion between suppliers or between suppliers and contracting authorities;
 - (d) it materially breaches a procedural requirement in the tender notice or associated tender documents.
- (3) A reference to a tender breaching a procedural requirement includes a reference to a supplier breaching a procedural requirement in relation to the tender.

Status: This is the original version (as it was originally enacted).

- (4) A breach is material if the contracting authority considers that ignoring it would put the tender at an unfair advantage.
- (5) A contracting authority may carry out a selection process or take such other preliminary steps as it considers appropriate for the purpose of awarding a contract under subsection (1).
- (6) Before awarding a contract to a supplier under this section, a contracting authority must consider whether the supplier—
 - (a) is an excludable supplier, or
 - (b) submitted an unsuitable tender or request in response to the invitation referred to in subsection (1)(a).

44 Transparency notices

- (1) Before awarding a contract under section 41 or 43 a contracting authority must publish a transparency notice.
- (2) A “transparency notice” means a notice setting out—
 - (a) that a contracting authority intends to award a contract directly, and
 - (b) any other information specified in regulations under section 95.
- (3) This section does not apply in relation to the award of a contract under section 41 by virtue of paragraph 15 of Schedule 5 (direct award: user choice contracts).

CHAPTER 4

AWARD UNDER FRAMEWORKS

45 Frameworks

- (1) A contracting authority may award a public contract in accordance with a framework.
- (2) A “framework” is a contract between a contracting authority and one or more suppliers that provides for the future award of contracts by a contracting authority to the supplier or suppliers.
- (3) Unless subsection (4) applies, a framework may only provide for the future award of a public contract following a competitive selection process.
- (4) A framework may provide for the future award of a public contract without competition between suppliers—
 - (a) in circumstances where only one supplier is party to the framework, or
 - (b) if the framework sets out—
 - (i) the core terms of the public contract, and
 - (ii) an objective mechanism for supplier selection.
- (5) A framework must include the following information—
 - (a) a description of goods, services or works to be provided under contracts awarded in accordance with the framework;
 - (b) the price payable, or mechanism for determining the price payable, under such contracts;

Status: This is the original version (as it was originally enacted).

- (c) the estimated value of the framework;
 - (d) any selection process to be applied on the award of contracts;
 - (e) the term of the framework (see section 47);
 - (f) the contracting authorities entitled to award public contracts in accordance with the framework;
 - (g) whether the framework is awarded under an open framework (see section 49).
- (6) A framework may not—
- (a) permit the award of a public contract to an excluded supplier, or
 - (b) prevent a contracting authority from requesting additional information from suppliers before awarding a contract.
- (7) A framework may provide for the charging of fees at a fixed percentage of the estimated value of any contract awarded to the supplier in accordance with the framework.
- (8) This section does not apply in relation to the award of—
- (a) a concession contract, or
 - (b) a framework.
- (9) Subsections (3) to (5) do not apply to a framework that is a light touch contract (see section 9(5)).

46 Frameworks: competitive selection process

- (1) A competitive selection process may provide for conditions of participation only if the contracting authority is satisfied that the conditions are a proportionate means of ensuring that suppliers party to the framework have—
- (a) the legal and financial capacity to perform the contract, or
 - (b) the technical ability to perform the contract.
- (2) In this section, a “condition of participation” means a condition that a supplier must satisfy in order to be awarded a public contract in accordance with the framework.
- (3) A condition set under subsection (1)(a) may not—
- (a) require the submission of audited annual accounts, except from suppliers who are, or were, required to have the accounts audited in accordance with Part 16 of the Companies Act 2006 or an overseas equivalent;
 - (b) require insurance relating to the performance of the contract to be in place before the award of the contract.
- (4) A condition set under subsection (1)(b) may relate to suppliers’ qualifications, experience or technical ability, but may not—
- (a) require suppliers to have been awarded a contract under the framework or by a particular contracting authority,
 - (b) break the rules on technical specifications in section 56, or
 - (c) require particular qualifications without allowing for their equivalents.
- (5) When considering whether a condition is proportionate for the purposes of subsection (1), a contracting authority must have regard to the nature, complexity and cost of the public contract.

Status: This is the original version (as it was originally enacted).

- (6) A condition of participation may require the provision of evidence that is verifiable by a person other than the supplier.
- (7) If a supplier does not satisfy a condition of participation, the contracting authority may exclude the supplier from participating in, or progressing as part of, the competitive selection process.
- (8) A competitive selection process may provide for the assessment of proposals, but only by reference to one or more of the award criteria against which tenders were assessed in awarding the framework.
- (9) The award criteria may be refined for the purposes of subsection (8).
- (10) In this section, a “competitive selection process” means a competitive selection process for the award of a public contract in accordance with a framework.
- (11) This section does not apply to a framework that is a light touch contract.

47 Frameworks: maximum term

- (1) The term of a framework may not exceed—
 - (a) in the case of a defence and security framework or a utilities framework, eight years, and
 - (b) otherwise, four years.
- (2) Subsection (1) does not apply if the contracting authority considers the nature of the goods, services or works to be supplied under contracts awarded in accordance with the framework means that a longer term is required.
- (3) If a contracting authority relies on subsection (2) in awarding a framework with a term exceeding four or eight years, the contracting authority must set out its reasons in the tender or transparency notice for the framework.
- (4) In this section—
 - (a) “a defence and security framework” is a framework which does not provide for the future award of public contracts other than defence and security contracts;
 - (b) “a utilities framework” is a framework which does not provide for the future award of public contracts other than utilities contracts.
- (5) This section does not apply in relation to—
 - (a) a framework awarded under an open framework (see section 49),
 - (b) a framework awarded by a private utility, or
 - (c) a framework that is a light touch contract (see section 9(5)).

48 Frameworks: implied terms

- (1) It is an implied term of every framework that a contracting authority may exclude a supplier that is an excluded supplier or has, since the award of the framework, become an excludable supplier from participating in any selection process run in relation to the award of a contract under the framework.
- (2) For the purposes of the term in subsection (1), the reference to a supplier becoming an excludable supplier includes a reference to—

Status: This is the original version (as it was originally enacted).

- (a) a supplier becoming an excludable supplier on the basis of a discretionary exclusion ground that—
 - (i) did not apply before award of the contract, or
 - (ii) applied before award of the contract by reference to different circumstances, and
 - (b) a contracting authority discovering that, before award of the contract, the supplier was an excludable supplier.
- (3) Before excluding a supplier that is an excluded or excludable supplier only by virtue of an associated person, the contracting authority must give the supplier reasonable opportunity to replace the associated person.
- (4) Any term purporting to restrict or override the term implied by subsection (1) is without effect.

49 Open frameworks

- (1) An “open framework” is a scheme of frameworks that provides for the award of successive frameworks on substantially the same terms.
- (2) An open framework must provide—
- (a) for the award of a framework at least once during—
 - (i) the period of three years beginning with the day of the award of the first framework in the scheme, and
 - (ii) each period of five years beginning with the day of the award of the second framework in the scheme;
 - (b) for the expiry of one framework on the award of the next (but see subsection (3));
 - (c) for the final framework to expire at the end of the period of eight years beginning with the day on which the first framework under the scheme is awarded.
- (3) An open framework may provide that, if a framework expires in accordance with subsection (2)(b) while a process for the award of a contract in accordance with the framework is ongoing, the contracting authority may continue the process and award the contract as though the framework had not expired.
- (4) If there is no limit on the number of suppliers that can be party to a framework under an open framework, a contracting authority may award the framework to an existing supplier by reference to—
- (a) the fact that the supplier has already been awarded a framework under the scheme,
 - (b) a tender relating to an earlier award under the scheme, or
 - (c) a tender relating to the current award.
- (5) Otherwise, a contracting authority may award a framework under an open framework to an existing supplier by reference to—
- (a) a tender relating to an earlier award of a framework under the scheme, or
 - (b) a tender relating to the current award.
- (6) If a framework under an open framework is awarded to only one supplier, the framework, and the open framework, must expire before the end of the period of four years beginning with the day on which the framework is awarded.

Status: This is the original version (as it was originally enacted).

- (7) Subsection (6) applies despite subsection (2)(c) and any term of the framework or open framework.
- (8) In this section, an “existing supplier” means a supplier that is party to a framework under the open framework.
- (9) A reference to an award on substantially the same terms is a reference to an award that could be made by reference to the same tender or transparency notice without substantial modification (see section 31).
- (10) A framework under an open framework may not be awarded under section 41 (direct award in special cases) or 43 (switching to direct award).

CHAPTER 5

- (5) A voluntary standstill period may not be less than a period of eight working days beginning with the day on which the contract award notice is published.

52 Key performance indicators

- (1) Before entering into a public contract with an estimated value of more than £5 million, a contracting authority must set at least three key performance indicators in respect of the contract.
- (2) Subsection (1) does not apply if the contracting authority considers that the supplier’s performance under the contract could not appropriately be assessed by reference to key performance indicators.
- (3) A contracting authority must publish any key performance indicators set under subsection (1).
- (4) A “key performance indicator” is a factor or measure against which a supplier’s performance of a contract can be assessed during the life-cycle of the contract.
- (5) An appropriate authority may by regulations amend this section for the purpose of changing the financial threshold.

The contracting authority considers there to be a state of urgency that means that a 25 day participation period is impractical	10 days
Neither of the above circumstances apply	25 days

- (4) A tendering period set under this Part must equal or exceed the shortest minimum period specified in an entry in the second column of the following table that corresponds with an entry in the first column that applies to the circumstances of the case—

<i>Circumstance</i>	<i>Minimum period</i>
The contract being awarded is a light touch contract	No minimum period
The contract— (a) being awarded is a utilities contract, or (b) is being awarded by a contracting authority that is not a central government authority, and is subject to a negotiated tendering period	No minimum period

Status: This is the original version (as it was originally enacted).

- (a) the standard adopts an internationally-recognised equivalent, or
 - (b) there is no internationally-recognised equivalent.
- (4) If the procurement documents refer to a United Kingdom standard, they must provide that tenders, proposals or applications that the contracting authority considers satisfy an equivalent standard from another state, territory or organisation of states or territories will be treated as having satisfied the United Kingdom standard.
- (5) In considering whether a standard is equivalent to a United Kingdom standard for the purposes of subsection (4), a contracting authority may have regard to the authority's purpose in referring to the standard.
- (6) A contracting authority may require certification, or other evidence, for the purpose of satisfying itself that a standard is satisfied or equivalent.

 - (b) the supplier or an associated person is on the debarment list by virtue of a discretionary exclusion ground.
- (3) If a supplier is an excluded supplier on the basis of the supplier or an associated person being on the debarment list only by virtue of paragraph 35 of Schedule 6 (threat to national security), the supplier is to be treated as an excluded supplier only in relation to public contracts of a kind described in the relevant entry.
- (4) For the purposes of a covered procurement carried out by a private utility—

- (a) evidence that the supplier, associated person or connected person has taken the circumstances seriously, for example by paying compensation;
 - (b) steps that the supplier, associated person or connected person has taken to prevent the circumstances continuing or occurring again, for example by changing staff or management, or putting procedures and training in place;

 - (d) the time that has elapsed since the circumstances last occurred;
 - (e) any other evidence, explanation or factor that the authority considers appropriate.

- (a) make representations, and
 - (b) provide evidence as to whether exclusion grounds apply and whether the circumstances giving rise to any application are likely to occur again (including information of a kind referred to in subsection (1)).

Status: This is the original version (as it was originally enacted).

- (3) But a contracting authority may not require particular evidence or information unless the authority is satisfied that the requirements are proportionate in the circumstances, having regard to—
- (a) the nature and complexity of the matters being assessed, and
 - (b) where relevant, the preliminary nature of a consideration under section 27(3).

Debarment

 - (b) the supplier was an excluded or excludable supplier—
 - (i) under section 57(1)(a) or (2)(a) by virtue of a relevant exclusion ground, or
 - (ii) on the basis of being on the debarment list by virtue of paragraph 35 of Schedule 6 (threat to national security).

60 Investigations of supplier: exclusion grounds

 - (a) an excluded supplier under section 57(1)(a), or
 - (b) an excludable supplier under section 57(2)(a).
- (2) A Minister of the Crown must—

 - (i) could be excludable suppliers by virtue of paragraph 14 of Schedule 7 (threat to national security), or
 - (ii) are sub-contracting to suppliers that could be excludable suppliers by virtue of that paragraph, and
 - (b) in light of that fact, keep under review whether particular suppliers or sub-contractors should be investigated under this section.
- (3) If an appropriate authority decides to investigate under this section, the authority must give the supplier concerned a notice setting out—

- (2) The contracting authority must accept and process for payment any electronic invoice issued to the authority for payment under the contract which is—
 - (a) in the required electronic form, and
 - (b) not disputed by the authority.
- (3) For the purposes of the term in subsection (2)—

“electronic invoice” means an invoice which is issued, transmitted and received in a structured electronic format that allows for its automatic and electronic processing;

“required electronic form” means a form that—

 - (a) complies with the standard for electronic invoicing approved and issued by the British Standards Institution in the document numbered BS EN 16931-1:2017 (Electronic invoicing - Part 1: Semantic data model of the core elements of an electronic invoice), and
 - (b) uses a syntax which is listed as a syntax that complies with that standard in the document numbered PD CEN/TS 16931-2:2017 (Electronic invoicing - Part 2: List of syntaxes that comply with EN 16931-1) approved and issued by the British Standards Institution.
- (4) A reference to a standard or document is a reference to the standard or document as it stands—
 - (a) on the day that the contract is entered into, or
 - (b) if the parties agree, on the day on which the invoice is issued.
- (5) Any term purporting to restrict or override the implied term is of no effect.
- (6) The implied term does not prevent a contracting authority—
 - (a) requiring the use of a particular system in relation to electronic invoices;
 - (b) in the case of a defence authority (as defined in section 7(5)), requiring the use of a system that requires the payment of fees by the supplier.
- (7) An appropriate authority may by regulations amend this section for the purpose of changing what it means for an invoice to be in the required electronic form.
- (8) Before making regulations under subsection (7), an appropriate authority must consult such persons as the authority considers appropriate.

68 Implied payment terms in public contracts

- (1) The terms in subsections (2) to (5) are implied into every public contract entered into by a contracting authority, except a public contract that is—

 - (a) the day on which an invoice is received by the contracting authority in respect of the sum, or
 - (b) if later, the day on which the payment falls due in accordance with the invoice.
- (3) The term in subsection (2) does not apply if the contracting authority—
 - (a) considers the invoice invalid, or
 - (b) disputes the invoice.
- (4) On receiving an invoice from a payee, the contracting authority must notify the payee without undue delay if—
 - (a) it considers the invoice invalid, or
 - (b) it disputes the invoice.
- (5) A contracting authority may rely on a payment made by a third party to satisfy the term in subsection (2) only with the agreement of the payee.
- (6) Any term purporting to restrict or override the terms implied by this section is without effect.
- (7) But nothing in this section prohibits the parties to a contract from agreeing that a sum due under the contract must be paid earlier than would be required by the term in subsection (2).
- (8) For the purposes of the terms in subsections (2) to (5), an invoice is valid if—
 - (a) it is an electronic invoice issued in the required electronic form, or
 - (b) it sets out the minimum required information and meets any other requirement set out in the contract.
- (9) The minimum required information is—
 - (a) the name of the invoicing party,
 - (b) a description of the goods, services or works supplied,
 - (c) the sum requested, and
 - (d) a unique identification number.
- (10) An appropriate authority may by regulations amend this section for the purpose of changing the period within which a sum due under a contract must be paid, but the period may not exceed 30 days.
- (11) In this section—
 - “electronic invoice” and “required electronic form” have the meanings given in section 67(3);

 - (i) indicated to a contracting authority that it intended to sub-contract all or part of a public contract to another supplier, and
 - (ii) relied on that other supplier to satisfy any conditions of participation (see section 22(8)).
- (2) The contracting authority may direct that the supplier enter into a legally binding arrangement with the other supplier for the purpose of that supplier performing all or part of the contract (as required or indicated).
- (3) If a supplier fails to enter into a legally binding arrangement as directed by the contracting authority, the contracting authority may—
 - (a) choose not to enter into the contract with the supplier,
 - (b) where subsection (1)(b) applies, direct the supplier to enter into a legally binding arrangement with another appropriate supplier, or

- (4) In subsection (3), an “appropriate supplier” means a supplier that—
 - (a) is not an excluded supplier, and

- (5) In subsection (1)(a), the reference to a condition of award includes, in the case of a direct award, any condition attaching to the award of a contract.
- (6) For the purposes of subsection (1), a supplier is not to be treated as having relied on another supplier to satisfy conditions of participation if the conditions were satisfied by the first supplier alone.

73 Implied payment terms in sub-contracts

- (1) The terms in subsections (2) to (5) of section 68 (implied payment terms in public contracts) are implied into every public sub-contract.
- (2) But for the purposes of subsection (1)—
 - (a) references in those terms to the contracting authority are to be read as references to the person to whom goods, services or works are supplied under the public sub-contract, and
 - (b) section 68(8)(a) (electronic invoices) does not apply.
- (3) Any term purporting to restrict or override the terms implied by this section is without effect.

Status: This is the original version (as it was originally enacted).

 - (b) materially change the scope of the contract, or
 - (c) materially change the economic balance of the contract in favour of the supplier.
- (4) A modification is a “below-threshold modification” if—
 - (a) the modification would not itself increase or decrease the estimated value of the contract by more than—
 - (i) in the case of a contract for goods or services, 10 per cent;
 - (ii) in the case of a contract for works, 15 per cent,
 - (b) the aggregated value of below-threshold modifications would be less than the threshold amount for the type of contract,

 - (a) that the contracting authority intends to modify the contract;
 - (b) any other information specified in regulations under section 95.

 - (b) subsection (1) would have applied to that single modification.
- (5) Subsection (1) is to be treated as applying to the modification.
- (6) This section does not apply in relation to a modification of a contract that—
 - (a) is a defence and security contract,
 - (b) is a light touch contract,

- (4) This subsection applies if, before awarding the public contract, the contracting authority did not know the supplier intended to sub-contract the performance of all or part of the contract.

- (a) is not attributable to any act or omission of the contracting authority, and
 - (b) could not have been foreseen by the contracting authority.

- (3) The condition in this sub-paragraph is met if, treating the new contract as a modification of the existing contract, the new contract would be a modification of the existing contract of a kind described in—
